Library Journal Melvil Dewey, Richard Rogers Bowker, L. Pylodet, Charles Ammi Cutter, Bertine Emma Weston, Karl Brown, Helen E. Wessells, 2007 Includes beginning Sept 15 1954 and on the 15th of each month Sept-May a special section. School library journal ISSN 0000-0035 called Junior Libraries 1954-May 1961 Also issued separately *Folktales and Fairy Tales* Anne E. Duggan Ph.D., Donald Haase Ph.D., Helen J. Callow, 2016-02-12 Encyclopedic in its coverage, this one of a kind reference is ideal for students, scholars and others who need reliable up-to-date information on folk and fairy tales past and present. Folktales and fairy tales have long played an important role in cultures around the world. They pass customs and lore from generation to generation, provide insights into the peoples who created them and offer inspiration to creative artists working in media that now include television, film, manga, photography and computer games. This second expanded edition of an award-winning reference will help students and teachers as well as storytellers, writers and creative artists delve into this enchanting world and keep pace with its past and its many new facets. Alphabetically organized and global in scope, the work is the only multivolume reference in English to offer encyclopedic coverage of this subject matter. The four-volume collection covers national, cultural, regional and linguistic traditions from around the world as well as motifs, themes, characters and tale types. Writers and illustrators are included as are filmmakers and composers and, of course, the tales themselves. The expert entries within volumes 1 through 3 are based on the latest research and developments, while the contents of volume 4 comprises tales and texts. While most books either present readers with tales from certain countries or cultures or with thematic entries, this encyclopedia stands alone in that it does both, making it a truly unique one-stop resource. **TV Guide**, 2007 *Inuyasha Episode Lists* Source: Wikipedia, 2013-09 Please note that the content of this book primarily consists of articles available from Wikipedia or other free sources online.
