Kabbalah, Science and the Meaning of Life Michael Laitman,2006-01-01 Science explains the mechanisms that sustain life Kabbalah explains why life exists In Kabbalah Science and the Meaning of Life Rav Michael Laitman PhD a kabbalist and a scientist combines science and spirituality in a captivating dialogue that reveals lifes meaning For thousands of years kabbalists have been writing that the world is made of a single entity divided into separate beings Today the cutting edge science of quantum physics states a very similar idea that at the most fundamental level of matter we are all literally one Science proves that reality is affected by the observer who examines it And so does Kabbalah But Kabbalah says more even the Creator of reality is found within the observer In other words God is inside of us he doesnt exist anywhere else When we pass away so does he These earthshaking concepts and more are eloquently introduced so that even readers uneducated in Kabbalah or science will easily understand them Therefore if youre just a little curious about why you are here what life means and what you can do to enjoy it more this is your book **Making Spirits** Diana Espirito Santo,Nico Tassi,2013-07-15 The analysis of religion has often placed an emphasis on beliefs and ideologies prioritizing these elements over those of the material world Through the ethnographic analysis of a variety of contemporary religious practices Making Spirits questions the presumed separation of spirit and matter and sheds light on the dynamics between spiritual and material domains By examining the cultural contexts in which material culture is central to the creation and experience of religion and belief this volume analyses the different ways in which the concepts of the material and spiritual worlds intersect interact and inform each other in the reproduction of religious rites Using examples such as spirit mediums fetishes and ritual objects across a variety of cultures such as Latin America Japan and Central Africa Nico Tassi and Diana Espirito Santo
