fascinating and revealing collection of vignettes this extraordinary book will appeal to instructors students and enthusiasts in musicology music history cultural studies and Australian British and American history Deconstructed Do-Gooder Britney Winn Lee, 2019-05-16 In a Christian culture driven by answer knowing and movement making we have largely become addicted to figuring out the way and ensuring that others are walking it as well in order to be counted faithful An addict to this end herself Britney Winn Lee is no stranger to the question posed by the lawmaker in the story of the Good Samaritan Teacher what must I do Here she takes us through her journey of becoming every character in the parable from Priest to Innkeeper from Robber to Wounded Lee offers us an invitation to find ourselves in the story be that in conservative evangelicalism overseas missions new monastic communities cynical doubts or the pain of postpartum depression and ministries ending Her complicated road of theological deconstructions expressed through narrative exposes the harm that can be caused by a deep desire to do good as well as the mercy that can be found when all of one's religious paths and purposes are lost

Grainger the Modernist Suzanne Robinson, Kay Dreyfus, 2016-03-09 Unaccountably Percy Grainger has remained on the margins of both American music history and twentieth century modernism This volume reveals the well known composer of popular gems to be a self described hyper modernist who composed works of uncompromising dissonance challenged the conventions of folk song collection and adaptation re visioned the modern orchestra experimented with ego less composition and designed electronic machines intended to supersede human application Grainger was far from being a self sufficient maverick working in isolation Through contact with innovators such as Ferruccio Busoni L on Theremin and Henry Cowell promotion of the music of modern French and Spanish schools appreciation of vernacular jazz and folk musics as well as with the study and transcription of non Western music he contested received ideas and proposed many radical new approaches By reappraising Grainger's social and historical connectedness and exploring the variety of aspects of modernity seen in his activities in the British American and Australian contexts the authors create a profile of a composer propagandist and visionary whose modernist aesthetic paralleled that of the most advanced composers of his day and in some cases anticipated their practical experiments

Saved to Save and Saved to Serve Harold Hill, 2017-07-24 The Salvation Army has now been around for more than one hundred and fifty years having celebrated its sesquicentennial in 2015 with an International Congress in London Over the years both the Army and the world in which it appeared have changed beyond recognition This is a good time for the movement to stop and look back not just to celebrate but to see where it is today The Army has not evolved in isolation from the world Bringing its own history with it it nevertheless belongs to the twenty first century world as much as William Booth's little East End Mission belonged to nineteenth century London This book attempts to explore the interaction between mission and world as it has impacted the Army's beliefs and practices as well as the place it now occupies in the wider world This critical and analytical study may also be of interest to those beyond the Army's ranks who would like to learn more about this remarkable organization
