

Out In The Cold

**Out in the cold mid the dreary night,
Under the eaves of homes so bright:
Snowflakes falling o'er mother's grave
Will no one rescue, no one save?**

**A child left out in the dark and cold,
A lamb not sheltered in any fold,
Hearing the wolves of hunger bark,
Out in the cold! and out in the dark**

**Missing to-night the charming bliss,
That lies in the mother's good-night kiss;
And hearing no loving father's prayer,
For blessings his children all may share.**

**Creeping away to some wretched den,
To sleep mid the curses of drunken men
And women, not as God has made,
Wrecked and ruined, wronged and betrayed.**

**Church of the Lord reach out thy arm,
And shield the hapless one from harm;
Where the waves of sin are dashing wild
Rescue and save the drifting child.**

**Wash from her life guilt's turbid foam,
In the fair haven of a home;
Tenderly lead the motherless girl
Up to the gates of purest pearl.**

**The wandering feet which else had strayed,
From thorny paths may yet be stayed;
And a crimson track through the cold dark night
May exchange to a line of loving light.**

Dynamics in Latin Love Poetry Ronnie Ancona, Ellen Greene, 2005-11-18 In recent decades Latin love poetry has become a significant site for feminist and other literary critics studying conceptions of gender and sexuality in ancient Roman culture This new volume the first to focus specifically on gender dynamics in Latin love poetry moves beyond the polarized critical positions that argue that this poetry either confirms traditional gender roles or subverts them Rather the essays in the collection explore the ways in which Latin erotic texts can have both effects shifting power back and forth between male and female If there is one conclusion that emerges it is that the dynamics of gender in Latin amatory poetry do not map in any

single way onto the cultural and historical norms of Roman society In fact as several essays show there is a dialectical relationship between this poetry and Roman cultural practices By complicating the views of gender dynamics in Latin love poetry this exciting new scholarship will stimulate further debates in classical studies and literary criticism with its fresh perspectives

The Greatest Love Story Never Told Richard Orion, 2015-10-30 This story is based on a true love story that spanned almost two decades The names and places have been changed to protect the privacy of the individuals involved in this affair The chronological sequence of events has been maintained for continuity All the stories and experiences are based on facts This book is about a love story that was kept secret for 18 years and perhaps shouldve remained a secret The first book related to this love story was a book of poems entitled Somewhere Sometime Somehow Love Poems and Short Stories published in 2008 by this author and Xlibris For the perceptive reader of this book one can trace the ups and downs of our love relationship These 18 years were filled with robust love and passion for each other Perhaps it was fantasy perhaps it was the most real thing we will ever experience The heartbreaking part of this love affair is that I am not really sure my lover ever really understood or appreciated my profound and unconditional love for her I opened my heart to her through poetry and thoughtful letters but she rarely showed me what was in her heart Perhaps it was a one sided love affair but I surely think and hope not I was convinced that she truly loved me through her words and actions At least I experienced a pure love that I had only dreamed was possible The story is told mainly through the exchange of letters and emails to each other Perhaps readers can experience and hopefully feel the deep love we felt for each other

which broke down and not knowing the exact time of Love none of us we have no longer been able to meet the Souls who waited for us until they froze in the sharp frost of our Cemeteries of Words who have whipped us terribly the Eternity of the Moment the only one that still pulled us toward the Absolute the blood of Dreams what have become of lead so heavy so that the Eternity of the Moment hit and injured first she knelt shouting deaf to the Horizon that was about to fall on us with all his Pain after which it collapsed crushing us in the snow of the Memories full of the Traces to the Horizon that was about to fall on us with all his Pain after which it collapsed crushing us in the snow of the Memories full of the Traces increasingly snowed with the Regrets of our Feelings which they will also melt in the arms of a Future of the Nobody
