Dispatches Michael Herr, 2009-02-17 Written on the front lines in Vietnam Dispatches became an immediate classic of war reportage when it was published in 1977 From its terrifying opening pages to its final eloquent words Dispatches makes us see in unforgettable and unflinching detail the chaos and fervor of the war and the surreal insanity of life in that singular combat zone Michael Herr's unsparing unorthodox retellings of the day to day events in Vietnam take on the force of poetry rendering clarity from one of the most incomprehensible and nightmarish events of our time Dispatches is among the most blistering and compassionate accounts of war in our literature *Dispatches* Michael Herr, 1978 The Authorial Self of Michael Herr's Dispatches Jennifer A. Gilbert, 1994 **Illumination Rounds** Michael Herr, 2017-08-08 Fresh in his boots and three days in country Michael Herr is in a Chinook when a young soldier across from him is gunned It took me a month to lose that feeling of being a spectator to something that was part game part show Written in unforgettable and unflinching detail Herr captures the chaos and fervor of the war and the surreal insanity of life in that singular combat zone Selected from Dispatches one of the best book to have been written about the Vietnam War The New York Times Book Review and an instant classic straight from the front lines A Vintage Shorts Vietnam Selection An ebook short Summary of Michael Herr's Dispatches Everest Media, 2022-04-09T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 I knew one 4th Division Lurp who took his pills by the fistful downs from the left pocket of his tiger suit and ups from the right one to cut the trail for him and the other to send him down it He told me that they cooled things out just right for him 2 I was waiting for a helicopter to take me out of there The rest of the team had caught a chopper straight into one of the lower hells but it was a quiet time in the war mostly it was lzs and camps 3 The more you moved the more you saw and the more you saw the more you risked death and mutilation The system was geared to keep you mobile if that was what you wanted but it began to make sense only if you were there to begin with 4 Flying over jungle was almost pure pleasure but flying over jungle and landing in it was always painful I never belonged in there Maybe it was what the people had always called it Beyond *The Depiction of Violence and the Soldier's everyday life in Michael Herr's "Dispatches" and Tim O'Brien's "The Things they carried"* Philipp Kock, 2010 Studienarbeit aus dem Jahr 2008 im Fachbereich Englisch Literatur Werke Note 2,0 Philipps Universität Marburg Amerikanistik Veranstaltung American War Literature Sprache Deutsch Abstract 1 Introduction 1.1 Topic statement Michael Herr's Dispatches and Tim O'Brien's The Things they carried I will use the abbreviation Things are two well known examples of Vietnam War Literature Things approaches the Vietnam War as a work of fiction The author states in the beginning of his book Except for a few details regarding the author's own life all the incidents names and characters are imaginary Critics refer Things to Postmodernism Dispatches however is not fiction Michael Herr covered the war for 2 years 1967-69 for the Esquire magazine and in 1978 the year of the publication Dispatches was nominated for the National Book Award for nonfiction Bonn 28 The critics label

Dispatches as New Journalism Michael Herr's Dispatches is the work of a war correspondent but it is not journalism in the ordinary sense of the word i.e. an objective detached reporting of the facts Instead it is a work of the so called New Journalism a hybrid form that in typical postmodern fashion blurs traditional genre distinctions The New Journalism abandons all pretense of impersonal objectivity instead an intense substituting subjectivity that also employs such devices of fiction as characterization flashbacks and interior monologue Carpenter 36-37 This term paper deals with the depiction of the Vietnam War in Dispatches and Things with a special focus on the depiction of violence and the everyday life of the soldiers Because of the fact that the books are different in style and narrative transmission I will put briefly some emphasis on those aspects in the beginning 1-2 Thesis statement Both writers depict the war without moral purposes showing as well the negative features of the war death terror fear brutalization deadening

Friendly Fire : American Images of the Vietnam War Katherine Kinney Associate Professor of English University of California, 2000-10-09 Hundreds of memoirs novels plays and movies have been devoted to the American war in Vietnam In spite of the great variety of mediums political perspectives and the degrees of seriousness with which the war has been treated Katherine Kinney argues that the vast majority of these works share a single story that of Americans killing Americans in Vietnam Friendly Fire in this instance refers not merely to a tragic error of war it also refers to America's war with itself during the Vietnam years Starting from this point this book considers the concept of friendly fire from multiple vantage points and portrays the Vietnam age as a crucible where America's cohesive image of itself is shattered pitting soldiers against superiors doves against hawks feminism against patriarchy racial fear against racial tolerance Through the use of extensive evidence from the film and popular fiction of Vietnam i.e. Kovic's Born on the Fourth of July Didion's Democracy O'Brien's Going After Cacciato Rabe's Sticks and Bones and Streamers Kinney draws a powerful picture of a nation politically culturally and socially divided and a war that has been memorialized as a contested site of art media politics and ideology

Combat Death in Contemporary American Culture Agnieszka Soltysik Monnet, 2020-12-16 Combat Death in Contemporary American Culture Popular Cultural Conceptions of War since World War II explores how war has been portrayed in the United States since World War II with a particular focus on an emotionally charged but rarely scrutinized topic combat death Agnieszka Soltysik Monnet argues that most stories about war use three main building blocks melodrama adventure and horror Monnet examines how melodrama and adventure have helped make war seem acceptable to the American public by portraying combat death as a meaningful sacrifice and by making military killing look necessary and often even pleasurable Horror no longer serves its traditional purpose of making the bloody realities of war repulsive but has instead been repurposed in recent years to intensify the positivity of melodrama and adventure Thus this book offers a fascinating diagnosis of how war stories perform ideological and emotional work and why they have such a powerful grip on the American imagination

Fictional Worlds and the Political Imagination Garry L. Hagberg, 2024-05-21 There has been a steady stream of articles written on the relations between political thought and the interpretation of literature but there remains a need for a book that both introduces and significantly contributes to the field particularly one that shows in detail how we can think more freely and creatively about political possibilities by reading and reflecting on politically significant literature This volume offers analytically acute and culturally rich ways of understanding how it is that we can productively think philosophically about political literature and what kind of distinctive conceptual progress we can make by doing so Given the extremely widespread interest in political issues this volume will strike resonant chords far and wide while offering something that has not been done quite in this way and for which the time certainly seems right
