

# PAINTING GUIDE

Painting is an integral part of the wargaming hobby. Most wargamers hate to play games with unpainted miniatures, and for good reason. The visual, tactile nature of well painted models and terrain is what separates tabletop wargaming from other, less creative, pastimes. Painting is fun and rewarding, even if it can seem daunting at first to beginners.

By following these easy step-by-step guides, you'll have your forces ready for the table in no time. For more painting, modelling and hobby inspiration, be sure to read the *Flames Of War Hobby* book, that comes with the *Flames Of War* rulebook.
