

A close-up photograph of a man with short brown hair, wearing a blue long-sleeved shirt, working on the interior of a dark-colored car door. He is using his right hand to hold a silver metal bracket with several circular holes, positioning it near a black circular component, likely a motor or pulley, which is part of the window mechanism. The background shows the inner paneling of the car door, including a black plastic handle and some wiring. The overall scene is brightly lit, suggesting an indoor workshop environment.
