This edited book provides ready to use engaging curriculum units for an integrated approach to teaching English language arts and U.S. history in grades 4-12. The purpose is to promote social justice and activism while building critical literacies students need in the 21st Century. Through implementing the curriculum units in this book, teachers and students can challenge inequities and promote activism. A central goal of this project is to represent and empower marginalized students. The traditional curriculum presents one view, one story as the only story, and one people as the norm. This book intentionally centers the experiences of Black Indigenous People of Color (BIPOC) and other marginalized communities. In addition to expanding the curriculum to include all people, educating students about issues of injustice in the U.S. will enable them to enact change. Additionally, this book serves to educate all students by exposure to central issues in past and present society. By creating space for a multicultural perspective, this curriculum may reduce the friction that occurs when encountering those whose lived experiences and perspectives do not align with one's own. By educating students about the privileges they have not examined, teachers can foster empathy and empower allies. Gulf Wars Big Book Gr. 5-8 Nat Reed, 2009-03-01.
