Malaria Project Manual:

The Global Challenge of Malaria Frank M. Snowden, 2014 Malaria is one of the most important OC emergingOCO or OC resurgentOCO infectious diseases According to the World Health Organization this mosquito borne infection is a leading cause of suffering death poverty and underdevelopment in the world today Every year 500 million people become severely ill from malaria and more than a million people die the great majority of them women and children living in sub Saharan Africa In 2008 it was estimated a child would die of the disease every thirty seconds making malaria OCo together with HIV AIDS and tuberculosis OCo a global public health emergency This is in stark contrast to the heady visions of the 1950s predicting complete global eradication of the ancient scourge What went wrong This question warrants a closer look at not just the disease itself but its long history and the multitude of strategies to combat its spread This book collects the many important milestones in malaria control and treatment in one convenient volume Importantly it also traces the history of the disease from the 1920s to the present and over several continents It is the first multidisciplinary volume of its kind combining historical and scientific information that addresses the global challenge of malaria control Malaria remains as resurgent as ever and The Global Challenge of Malaria Past Lessons and Future Prospects will examine this challenge OCo and the range of strategies and tools to confront it OCo from an interdisciplinary and transnational perspective Contents Lessons of History Malaria in America Margaret Humphreys Technological Solutions The Rockefeller Insecticidal Approach to Malaria Control 1920OCO1950 Darwin H Stapleton Malaria Control and Eradication Projects in Tropical Africa 1945OCO1965 James L A Webb Jr The Use and Misuse of History Lessons from Sardinia Frank M Snowden Popular Education and Participation in Malaria Control A Historical Overview Socrates Litsios Scientific Medical and Public Health Perspectives The Contribution of the Gambia to Malaria Research Brian Greenwood InsecticideOCOreated Bednets and Malaria Control Strategies Implementation and Outcome Harry V Flaster Emily Mosites and Brian G Blackburn The Scientific and Medical Challenge of Malaria Tiffany Sun and Richard Bucala Readership Historians of medicine research scientists clinicians especially in the specialties of tropical medicine and infectious diseases public health officials environmentalists and students in public health and history of medicine programs general readers interested in contemporary issues of global health **Global Challenge Of Malaria, The: Past Lessons And Future Prospects** Frank M Snowden, Richard Bucala, 2014-03-11 Malaria is one of the most important emerging or resurgent infectious diseases According to the World Health Organization this mosquito borne infection is a leading cause of suffering death poverty and underdevelopment in the world today Every year 500 million people become severely ill from malaria and more than a million people die the great majority of them women and children living in sub Saharan Africa In 2008 it was estimated a child would die of the disease every thirty seconds making malaria together with HIV AIDS and tuberculosis a global public health emergency This is in stark contrast to the heady visions of the 1950s predicting complete global eradication of the ancient scourge What went wrong This question warrants a closer look

at not just the disease itself but its long history and the multitude of strategies to combat its spread This book collects the many important milestones in malaria control and treatment in one convenient volume Importantly it also traces the history of the disease from the 1920s to the present and over several continents It is the first multidisciplinary volume of its kind combining historical and scientific information that addresses the global challenge of malaria control Malaria remains as resurgent as ever and The Global Challenge of Malaria Past Lessons and Future Prospects will examine this challenge and the range of strategies and tools to confront it from an interdisciplinary and transnational perspective **Malaria**

Microscopy Quality Assurance Manual - Version 2 World Health Organization, 2016-04-05 The first version of the WHO Malaria microscopy quality assurance manual 2009 was based on recommendations made at a series of informal consultations organized by WHO particularly a bi regional meeting of the WHO regional offices for South East Asia and the Western Pacific in April 2005 in Kuala Lumpur Malaysia followed by informal consultations held in March 2006 and February 2008 in Geneva Switzerland Subsequently extensive consultations among international malaria experts led to consensus and preparation of the manual This second version of the Manual is based on the recommendations of experts made at a WHO technical consultation in March 2014 in Geneva Switzerland The aim of the meeting was to review the experiences of national malaria control programmes NMCPs national reference laboratories NRLs and technical agencies in using the Manual and country experience in order to improve systems for managing the quality of malaria microscopy This second version takes into account the many years of experience of several agencies in the various aspects of quality assurance QA described in the Manual In particular the sections on assessment of competence in malaria microscopy are based on use of this method by the WHO regional offices for South East Asia and the Western Pacific in collaboration with the WHO Coordinating Centre for Malaria in Australia and by the WHO Regional Office for Africa in collaboration with Amref Health Africa The section on setting up and managing an international reference malaria slide bank is based on the work of the WHO Regional Office for the Western Pacific in collaboration with the WHO Coordinating Centre for Malaria Diagnosis in the Philippines The section on proficiency testing for malaria microscopy is based on work in the WHO Regional Office for Africa in collaboration with the National Institute for Communicable Diseases in South Africa and experience in regional initiatives by Amref Health Africa The section on slide validation is based on work by M decins sans Fronti res and the section on outreach training and supportive supervision OTSS is based on work by the President s Malaria Initiative Malaria Care Project Medical Care Development International and Amref Health Africa The Manual is designed primarily to assist managers of NMCPs and general laboratory services responsible for malaria control The information is also applicable to nongovernmental organizations NGOs and funding agencies involved in improving quality management systems for malaria microscopy The Manual is not designed for QA of microscopy in research situations such as in clinical trials of new drugs and vaccines or for monitoring parasite drug resistance It forms part of a series of WHO documents designed to assist countries

in improving the quality of malaria diagnosis in clinical settings including the revised training manuals on Basic malaria microscopy 2010 and the Bench aids for malaria microscopy 2010 World malaria report 2020 World Health Organization,2020-12-01 The year 2020 is a milestone for several important health and development goals including for efforts to reduce the burden of malaria overall and eliminate the disease where possible It is 20 years since the Abuja Declaration and the launch of the Millennium Development Goals MDGs and 5 years since the global agreement on the Sustainable Development Goals SDGs framework and the launch of the World Health Organization WHO Global technical strategy for malaria 2016 2030 GTS and the RBM Partnership to End Malaria Action and investment to defeat malaria 2016 2030 AIM The WHO World malaria report 2020 presents both the estimates of disease burden for 2019 and a review of the updated official estimates of global progress in the fight against malaria in the first 2 decades of the 21st century 2000 2019 introduction Preventive medicine in World War II.
