The Silent Heroes Hans Moederzoon Van Kuilenburg,2013-05 Author Hans Moederzoon van Kuilenburg was a 10 year old girl living in Amsterdam when German soldiers invaded Holland in the spring of 1940 The Dutch had intended to stay neutral at the outbreak of the war as their military was no match for the Nazi hordes Within five days Holland had fallen and the German occupation was underway The five ensuing years were among the darkest chapters in Dutch history culminating in the hunger winter of 1944 during which 30 000 Dutch citizens died of hunger and cold Even today people like the author who grew up during that time are more prone to heart attacks as a result of the physical stress of those years But despite having capitulated so quickly in the face of the overwhelming might of the German war machine there were many heroes in Holland during the occupation people like the author s father a civilian supervisor of marine supplies who robbed the Germans blind and gave stolen food and clothing to Dutch people in need Eventually his activities attracted the attention of the German authorities and he was imprisoned Thankfully Hans mother was able to stage a dramatic escape with the help of the family doctor The Silent Heroes is a true story of heroism survival and resistance during a time of fear despair and hardship Hans Moederzoon van Kuilenburg was born in Amsterdam and immigrated to the U S in 1959 She had a distinguished career as a medical assistant before retiring In addition to writing she also does photography and sometimes exhibits her work The Silent Heroes is her first book Publisher s website <http://sbpra.com/HansMoederzoonVanKuilenburg>

Elementary Literacy Lessons Janet C. Richards,Joan P. Gipe,2012-11-12 Innovative and practical this text helps prepare teachers to support the literacy learning needs of all children in grades K 6 including academically linguistically and culturally diverse students It features original teaching cases written by preservice teachers enrolled in field based reading language arts methods courses accompanied by commentaries written by experienced teacher educators and skilled classroom teachers High interest content and a reader friendly format encourage critical and reflective thinking about topics important to effective literacy instruction By promoting reflection about case issues the text helps prepare future teachers to respond to teaching narratives presented on the practical applications section of the PRAXIS II an examination required in most states for teacher licensure The authentic cases candidly and poignantly describe preservice teachers plans problems hopes disappointments dilemmas and reflective thinking as they address the multilayered complexities and ambiguities associated with learning to teach reading and language arts in elementary classrooms These teaching stories reveal glimpses of literacy instruction and allow us to enter

real classrooms and experience the wide varieties of situations that reading language arts teachers encounter daily. Although the cases are grouped according to specific dimensions of literacy theory and pedagogy just as in real classrooms, other issues are woven through each case as well. The commentaries provide scholarly and sometimes contrasting perspectives and approaches through which readers might consider the issues presented in the cases. The commentaries represent only particular perspectives but readers are encouraged to explore and consider as many perspectives and issues as possible regarding each case. Each chapter includes helpful pedagogical features. New or critical concepts and terms listed at the beginning of each chapter alert readers to what might be unfamiliar vocabulary. Applications and Reflections pages help readers take an active part in analyzing, documenting, and talking about the particular issues portrayed in the case narratives. Using the questions on these pages, the cases and accompanying commentaries can be read and discussed as a whole class activity in small collaborative groups or by individuals. The questions can also be used by readers to guide their own case writing initiatives. Margin References direct readers to correlated readings for the strategies and parallel concepts mentioned in the cases and commentaries. Suggested readings can be discussed within the format of literacy study groups. Annotated Bibliographies at the end of each chapter help readers construct more in-depth knowledge for the instructional strategies and activities discussed in the teaching cases. The cases, commentaries, and pedagogical features in this distinctive text provide rich opportunities for readers to discover what they need to know and how they need to think in order to teach reading and language arts effectively and successfully.

Growing Readers Kathy Collins, 2023-10-10

Primary grade teachers face an important challenge: teaching children how to read while enabling them to build good habits so they fall in love with reading. Many teachers find the independent reading workshop to be the component of reading instruction that meets this challenge because it makes it possible to teach the reading skills and strategies children need and guides them toward independence, intention, and joy as readers. In *Growing Readers*, Kathy Collins helps teachers plan for independent reading workshops in their own classrooms. She describes the structure of the independent reading workshop and other components of a balanced literacy program that work together to ensure young students grow into strong, well-rounded readers. Kathy outlines a sequence of possible units of study for a yearlong curriculum. Chapters are devoted to the individual units of study and include a sample curriculum as well as examples of mini-lessons and reading conferences. There are also four Getting Ready sections that suggest some behind-the-scenes work teachers can do to prepare for the units. Topics explored in these units include print and comprehension strategies, reading in genres such as poetry and nonfiction, connecting in-school reading and out-of-school reading, developing the strategies and habits of lifelong readers. A series of planning sheets and management tips are presented throughout to help ensure smooth implementation. We want our students to learn to read and we want them to love to read. To do this, we need to lay a foundation on which children build rich and purposeful reading lives that extend beyond the school day. The ideas found in *Growing Readers* create the kind of primary
