matrescence noun m tres ents the process of becoming a mother The physical psychological and emotional changes you go through after the birth of your child largely unexplored in the medical community Cambridge Dictionary A Zibby Owens Summer Reading Pick Audible's Most Anticipated Reads 2025 in Well Being and Business Most new mothers bring their infants to the doctor but ignore any distressing feelings or sensations they might themselves have that sense of being rattled at many moments throughout the day and night In Rattled Dr Nicole Pensak shares her own experiences and those of her patients to help new mothers feel informed validated and guided through matrescence After giving birth a woman often feels like a completely different person

It may sound dramatic but the rollercoaster of physical and psychological changes affects brain and body in a similar way that adolescence changes us To compound that many women hide these feelings worrying that something is wrong with them Dr Nicole Pensak is here to reassure us that being rattled is normal and not at all surprising After all seismic changes in identity and emotion have occurred Research shows that a woman's brain shifts in real biological ways very quickly after giving birth Many women become hypervigilant for good reason the brain is telling her to stay alert because she has a human to keep alive and safe While these brainpower boosts can cause anxious feelings they can also help to manage the distress and harness the advantages of the postpartum brain In fact this is a time of neuroplasticity when the brain is more receptive to positive reinforcement Trained at Yale and Harvard and certified in perinatal mental health Dr Pensak provides practical and emotional support helping to relieve the anxiety and pressure for perfection in motherhood and paving the way for a better beginning for families and babies She discusses mental health treatment and the upside of therapy during this changing time and offers accessible scientific information relatable anecdotes and strategies for self care The result is a reassuring and practical handbook that new mothers and their families will refer to time and again **How Much Longer?**

Hilmar O. Leyrer, 1972 **Tension on the String...** Mark R. Baker, 2012-10-08 There are those among us hunters who revel in the minimalistic pursuit of wild animals using the most rudimentary of tools and seeking out the whole of the experience up close and personal and as intimately involved with our prey as we possibly can be This experience rewards us with the greatest sense of accomplishment and challenge and connects us directly with our forefathers and ancient pasts It too cements our admiration and awe for the wild places and animals we share this journey with along the way Classic Bowhunting is our vehicle in this journey a completely different pathway of regression rather than the technological domination over mother nature and our inadequacies in seeking and taking our prey This acceptance of the challenges enhances our immersion and participation into the wild and natural world and replenishes our spirit Enjoy adventures with real stick and string appeal in some of the wildest country in North America **The Best Summer Ever** Joan M.
