How Canadians Communicate V David Taras,Christopher Waddell,2016-03-15 Fewer Canadians than ever are lacing up skates swimming lengths at the pool practicing their curve ball and experiencing the thrill of competition However despite a decline in active participation Canadians spend enormous amounts of time and money on sports as fans and followers of sporting events and sports culture Never has media coverage of sports been more exhaustive and never has it been more driven by commercial interests and the need to fuel consumerism on which corporate profits depend But the power plays now occurring in the arena of sports are by no means solely a matter of money At issue as well in the media capture of sports are the values that inform our daily lives the physical and emotional health of the population and the symbols so long central to a sense of Canadian identity Writing from a variety of perspectives the contributors to this collection set out to explore the impact of the media on our reception of and attitudes toward sports to unpack the meanings that sports have for us as citizens and consumers Some contributors probe the function of sports as spectacle the escalation of violence controversies over drug use and the media s coverage of tragic deaths while others shed light on the way in which the media serve to transform sports into a vehicle for the expression of identity and nationalism The goal is not to score points but to prompt critical discussion of why sports matter in Canadian life and culture and how they contribute to the construction of identity

Tax Preferences for Collegiate Sports ,2010-04 Colleges and universities generally qualify for preferential treatment under the federal income tax because their educational mission has important benefits for the public The large sums generated through advertising and media rights by schools with competitive sports programs raise the questions of whether those sports programs have become side businesses for schools and if they have whether the same tax preferences should apply to them as to schools in general This report compares athletic departments share of revenue from commercial sources with that of the rest of the schools activities to assess the degree of their commercialization It also discusses the benefits of intercollegiate sports programs Charts and tables Coaching Football Successfully Allan Trimble,2005 As coach of the powerhouse Jenks OK High School Trojans Allan Trimble has amassed an amazing number of victories state championship titles and national rankings And he s done it with a carefully planned and executed game plan that promotes the positive development of athletes and teams Trimble shares the specifics of his system in Coaching Football Successfully This meaty

Physiological Aspects of Sport Training and Performance-2nd Edition Hoffman, Jay, 2014-03-07 This text contains an in depth discussion of physiological adaptation to exercise with a goal of providing practical applications to facilitate exercise prescriptions for a variety of athletes Sports Crazy Steven J. Overman, 2019-02-11 Sports Crazy How Sports Are

Sabotaging American Schools exposes the excesses of middle and high school sports and the detrimental effects our sports obsession has on American education Institutions are increasingly emulating college and professional sports models and losing sight of a host of educational and health goals Steven J Overman describes how this agenda is driven largely by partisan fans and parents of athletes who exert an inordinate influence on school priorities and he explains how and why school administrators shockingly and consistently capitulate to these demands The author underscores the incongruity of public schools involved in an entertainment business and the effects this diversion has on academic integrity learning life experience and overall educational outcomes Overman examines out of control school sports within the context of a school s educational mission and curriculum with telling reference to impacts on physical education He explores as well the outsized place of interscholastic sports beyond the classroom and scrutinizes the distorted relationship between intramural or recreational sports and elitist varsity athletics Overman s chapter on tackle football explains many reasons why this sport should be eliminated from the school extracurriculum and replaced by flag or touch football Overman presents a brief history

of interscholastic sports and he compares and contrasts the American experience of school sponsored sport to the European model of community based clubs Which approach better serves students Overman recommends reforms in the context of a radical proposal to phase out interscholastic sports in favor of an intramural or club model This approach would alleviate such problems as elitism and gender bias and reign in hypercompetitiveness while freeing schools to educate students rather than provide public entertainment
