A scholarly contribution to educational praxis M.A. Mokoena,J.M. (Ona) Janse van Rensburg,M. Erasmus,E. Mentz,C.B. Zulu,A. Cronje,E.K. Materechera,W.T. Dudu,A.T. Kanyimba,S.P. Raath,C. Kruger,A. Loubser,A.E. Pienaar,A. Klopper,S. Ellis,N.T. Petersen,J. de Beer,J. Varughese,A. Seugnet Blignaut,C. Els,2016-12-31 This publication contains original research targeting scientific specialists in the field of education through research endeavours grounded on a philosophical basis as well as being embedded in the empirical The research methodology of each chapter emanates from applicable philosophical assumptions in the form of an applicable theoretical and conceptual framework The latter forms a firm basis for the application of sound empiricism The content of this book adds to the body of scholarly knowledge in education In his evaluation of the book Acting Executive Dean Faculty of Education and Training Professor Akpovire Oduaran made the following remarks To a large extent the ideas put together in this book have come from data generated not just from literature found in books and journals but actual interactions with educators and the learning environment So then what the reader is offered in this volume is the articulation of ideas that have been interrogated structured and presented in surprisingly simplistic and yet incisive and academically enriching content that can match the standards of scholarship that is available in the Western World Yet what makes this book so welcome relevant and timely is the fact that it is built around Afrocentric theories and practices such as one may find in imported literature

Drawing for Science Education Phyllis Katz,2017-03-23 This book argues for the essential use of drawing as a tool for science teaching and learning The authors are working in schools universities and continual science learning CSL settings around the world They have written of their experiences using a variety of prompts to encourage people to take pen to paper and draw their thinking sometimes direct observation and in other instances their memories The result is a collection of research and essays that offer theory techniques outcomes and models for the reader Young children have provided evidence of the perceptions that they have accumulated from families and the media before they reach classrooms Secondary students describe their ideas of chemistry and physics Teacher educators use drawings to consider the progress of their undergraduates understanding of science teaching and even their moral ethical responses to teaching about climate change Museum visitors have drawn their understanding of the physics of how exhibit sounds are transmitted A physician explains how the history of drawing has been a critical tool to medical education and doctor patient communications Each chapter contains samples insights and where applicable analysis techniques The chapters in this book should be helpful to researchers and teachers alike across the teaching and learning continuum The sections are divided by the kinds of activities for which drawing has historically been used in science education An instance of observation Audubon Linnaeus A process how plants grow over time what happens when chemicals combine Conceptions of what science is and who does it Images of identity development in science teaching and learning

Education for All 2000-2015: achievements and challenges UNESCO,2015-12-31 **Resistance to**

and Acquiescence in Apartheid Henry Mbaya, 2018-09-11 This book documents the history of a major Provincial Anglican theological college in Grahamstown St Paul's Theological College that existed against the backdrop of colonialism and apartheid Mbaya fundamentally attempts to explore a narrative of certain socio economic cultural and political struggles Resistance to and Acquiescence in Apartheid contextualises the mission of the Church in theological education during a period of deeply rooted inequality Thus one is left to ask the question What missionary role did St Paul's College play in the context of apartheid
