**Strategic Occidentalism** Ignacio M. Sanchez Prado, 2018-08-15 Strategic Occidentalism examines the transformation in both aesthetics and infrastructure of Mexican fiction since the late 1970s. During this time a framework has emerged characterized by the corporatization of publishing a frictional relationship between Mexican literature and global book markets and the desire of Mexican writers to break from dominant models of national culture. In the course of this analysis Ignacio M Sanchez Prado engages with theories of world literature proposing that world literature is a construction produced at various levels including the national that must be studied from its material conditions of production in specific sites. In particular he argues that Mexican writers have engaged in a strategic Occidentalism in which their idiosyncratic connections with world literature have responded to dynamics different from those identified by world systems or diffusionist theorists. Strategic Occidentalism identifies three scenes in which a cosmopolitan aesthetics in Mexican world literature has been produced. Sergio Pitol's translation of Eastern European and marginal British modernist literature, the emergence of the Crack group as a polemic against the legacies of magical realism and the challenges of writers like Carmen Boullosa, Cristina Rivera Garza and Ana Garc a Bergua to the roles traditionally assigned to Latin American writers in world literature. *The Contemporary Spanish-American Novel* Will H. Corral, Juan E. De Castro, Nicholas Birns, 2013-09-26 The Contemporary Spanish American Novel provides an accessible introduction to an important World literature. While many of the authors covered, Aira, Bola o, Castellanos, Moya V, Squez are gaining an increasing readership in English and are frequently taught, there is sparse criticism in English beyond book reviews. This book provides the guidance necessary for a more sophisticated and contextualized understanding of these authors and their works. Underestimated or unfamiliar Spanish American novels and novelists are introduced through conceptually rigorous essays. Sections on each writer include the author's reception in their native country, Spanish America and Spain, biographical history, a critical examination of their work including key themes and conceptual concerns, translation history, scholarly reception. The Contemporary Spanish American Novel offers an authoritative guide to a rich and varied novelistic tradition. It covers all demographic areas including United States Latino authors in exploring the diversity of this literature and its major themes such as exile, migration and gender representation.

**Medicine, Power, and the Authoritarian Regime in Hispanic Literature** Oscar A. Pérez, 2021-12-30 This book offers a substantial examination of how contemporary authors deal with the complex legacies of authoritarian regimes in various Spanish speaking countries. It does so by focusing on works that explore an under studied aspect: the reliance of authoritarian power on medical notions for political purposes. From the Porfirian regime in Mexico to Castro's Cuba, this book describes how such regimes have sought to seize medical knowledge to support propagandistic ideas and marginalize their opponents in ways that transcend specific pathologies, political ideologies and geographical and temporal boundaries. *Medicine, Power and the Authoritarian Regime in Hispanic Literature* brings together the work of literary scholars, cultural critics and

historians of medicine arguing that contemporary authors have actively challenged authoritarian narratives of medicine and disease In doing so they continue to re examine the place of these regimes in the collective memory of Latin America and Spain

Subverting Sex, Gender, and Genre in Cuban and Mexican Detective Fiction Ailsa Peate,2024-09-25 The presence of bodies and sex in detective fiction has been a long term feature of this internationally popular genre Titillation is at the centre of narratives reliant upon discovery and revelation motives and criminals are slowly revealed along with sexualized and violated bodies from femmes fatales to the corpses of victims A satisfying gratifying genre for its readership the detective novel promises the disruption and subsequent restoration of order in societies tarnished by disillusionment which hope for a better future This book takes as its focus examples of detective fiction from Cuba and Mexico during or in the aftermath of huge social upheaval the Special Period and the War on Drugs analyzing representations of sexualities bodies and the genre itself Through an investigation of novels by Leonardo Padura and Amir Valle of Cuba and Belf and Rogelio Guedea of Mexico this work investigates increasingly fluid sexualities and bodies in challenging examples of metaphysical detective fiction a particularly anxious subgenre which challenges both the structures and limits of the detective novel and the reader s understanding of true and false and right and wrong representative of troubling periods of severe social disruption for Cuba and Mexico

**The Boom Femenino in Mexico** Nuala Finnegan, Jane E. Lavery, 2010-04-16

The Boom Femenino in Mexico Reading Contemporary Women's Writing is a collection of essays that focuses on literary production by women in Mexico over the last three decades In its exploration of the boom femenino phenomenon the book traces the history of the earlier boom in Latin American culture and investigates the implications of the use of the same term in the context of contemporary women's writing from Mexico In this way it engages critically with the cultural historical and literary significance of the term illuminating the concept for a wide range of readers It is clear that the entry of so many women writers into an arena traditionally reserved for men has prompted discussion around concepts such as women's writing and the very definition of literature itself Many of the contributors grapple with the theoretical tensions that such debates provoke offering an important opportunity to think critically about the texts produced during this period and the ways in which they have impacted on the Mexican and international cultural spheres The project is comprehensive in its scope and for the first time brings together scholars from Mexico the U S and Europe in a transnational forum The book posits that despite certain aesthetic and thematic commonalities the increased output by women writers in Mexico cannot be appraised as a unified literary movement Instead it embraces a wide range of different generic forms and the subjects under study in the essays in the book include the best selling work of Angeles Mastretta Elena Poniatowska and Laura Esquivel as well as the social and political preoccupations of journalists Rosanna Reguillo and Cristina Pacheco Contributors offer readings of the aesthetic visions of writers as diverse as Carmen Boullosa Ana García Bergua and Eve Gil while other essays examine the nuances of contemporary gender identity in the work of Ana Clavel Sabina Berman Brianda Domecq and Mar a Luisa Puga There are essays devoted to poetry by indigenous Mayan women and an analysis of the complex place of poetry within the broader framework of literary production The problems that emerge as a result of literary cataloguing based on gender politics are also considered at length in a number of essays that take a panoramic view of literary production over the period Various critical approaches are employed throughout and the collection as a whole demonstrates that academic interest in Mexican women's writing of the boom femenino is thriving Above all the essays here provide a space in which the location of women within prevailing cultural paradigms in Mexico and their role in the mapping of power in evolving textual canons may be interrogated It is clear from the collection that interest in such issues is still alive and that the debate is far from over
