preppers outdoor enthusiasts hikers campers and anyone who would like to better know how to save a life in an emergency situation This edition is printed on premium acid free paper **U. S. Military First Aid Manual** Department of Defense, 2002-12-23 This manual meets the first aid training needs of individual service members Because medical personnel will not always be readily available the nonmedical service members must rely heavily on their own skills and knowledge of life sustaining methods to survive on the integrated battlefield This publication outlines both self aid and aid to other service members buddy aid More importantly it emphasizes prompt and effective action in sustaining life and preventing or minimizing further suffering and disability First aid is the emergency care given to the sick injured or wounded before being treated by medical personnel The term first aid can be defined as urgent and immediate lifesaving and other measures which can be performed for casualties by nonmedical personnel when medical personnel are not immediately available Nonmedical service members have received basic first aid training and should remain skilled in the correct procedures for giving first aid This manual is directed to all service members The procedures discussed apply to all types of casualties and the measures described are for use by both male and female service members This publication is in consonance with the following North Atlantic Treaty Organization NATO International Standardization Agreements STANAGs and American British Canadian and Australian Quadripartite Standardization Agreements QSTAGs Medical Training in First Aid Basic Hygiene and Emergency Care First Aid Kits and Emergency Medical Care Kits Medical First Aid and Hygiene Training in NBC Operations First Aid Material for Chemical Injuries When a nonmedical service member comes upon an unconscious or injured service member he must accurately evaluate the casualty to determine the first aid measures needed to prevent further injury or death He should seek medical assistance as soon as possible but he should not interrupt the performance of first aid measures To interrupt the first aid measures may cause more harm than good to the casualty Remember that in a chemical environment the service member should not evaluate the casualty until the casualty has been masked After performing first aid the service member must proceed with the evaluation and continue to monitor the casualty for development of conditions which may require the performance of necessary basic lifesaving measures such as clearing the airway rescue breathing preventing shock and controlling bleeding He should continue to monitor the casualty until relieved by medical personnel Service members may have to depend upon their first aid knowledge and skills to save themselves self aid or other service members buddy aid combat lifesaver They may be able to save a life prevent permanent disability or reduce long periods of hospitalization by knowing WHAT to do WHAT NOT to do and WHEN to seek medical assistance NOTE The prevalence of various body armor systems currently fielded to US service members and those in development for future fielding may present a temporary obstacle to effective evaluation of an injured service member You may have to carefully remove the body armor from the injured service member to complete the evaluation or administer first aid Begin by removing the outer most hard or soft body armor components open unfasten or cut the closures fasteners or straps then remove any successive layers

in the same manner Be sure to follow other notes cautions and warnings regarding procedures in contaminated situations and when a broken back or neck is suspected Continue to evaluate

James Alfred Moss, George Reudel Guild, 1918 **Army Service Forces Manual** ,1944 **Army Field Manual FM 4-52 (First Aid)** The United States Army, 2007 This manual meets the first aid training needs of individual service members Because medical personnel will not always be readily available the non medical service members must rely heavily on their own skills and knowledge of life sustaining methods to survive on the integrated battlefield This publication outlines both self aid and aid to other service members More importantly it emphasizes prompt and effective action in sustaining life and preventing or minimizing further suffering and disability First aid is the emergency care given to the sick injured or wounded before being treated by medical personnel From the Preface **Improvised Weapons and Munitions - The Official U.S. Army Manual** U.S. Department of the Army, 2022-11-13 In Improvised Weapons and Munitions The Official U S Army Manual the U S Department of the Army presents a meticulous and comprehensive guide

that delves into the development and utilization of improvised weaponry in various conflict scenarios. Employing a straightforward instructional literary style, the manual merges practical engineering with tactical knowledge, drawing upon a wealth of historical contexts where resourcefulness and innovation have been paramount in warfare. It addresses technical specifications, safety protocols, and potential applications, demonstrating how ordinary materials can be transformed into effective tools of defense or offense, underpinning the necessity of creativity in combat situations. The U.S. Department of the Army, known for producing critical military literature, draws from decades of military innovation and field experience to produce this manual. The complex nature of modern warfare, characterized by asymmetric threats and resource scarcity, has heightened the importance of improvised tactics, motivating the Department to provide soldiers with the best methods for survival and efficacy in unpredictable encounters. *Improvised Weapons and Munitions* is an essential read for military personnel, historians, and anyone interested in the evolution of warfare tactics. Its instructional approach not only prepares readers for practical applications but also provides insight into broader themes of ingenuity and adaptability in the face of adversity.
