And with the latest version this popular program becomes more versatile, letting beginning webmasters and expert developers alike create sophisticated web content. But Flash isn't intuitive. And it doesn't come with a manual. Whether you want to learn the basics or unleash the program's true power, *Flash 8: The Missing Manual* is the ideal instructor. This hands-on guide to today's hottest web design tool is aimed at nondevelopers and it teaches you how to translate your ideas into great web content.
