are sovereignty in airspace flight information and air defence identification zones rules of the air personnel licensing meteorological services operations of aircraft air traffic services accident and incident investigation aerodromes efficiency aspects of aviation and environmental protection aeronautical charts and information the carriage of dangerous goods and NextGen and SESAR Except for NextGen and SESAR these subjects form the titles of the Annexes to the Chicago Convention that particularly involve the rights and liabilities of the key players involved in air navigation *Approval Guide* ,1995
