Third Printing, April, 1966—Ford Motor Company

Dear Mustang Owner:

Your purchase of a 1966 Mustang places you in a distinguished family of automobile owners and drivers. The Ford Division of Ford Motor Company takes great pride in the American tradition of quality product and superior value that the Ford name represents.

The purpose of this book is to acquaint you with features of your new Mustang designed to be of benefit to you. In every detail of planning, engineering, and styling, we have sought to anticipate your needs and desires.

I hope you will read this manual carefully. It will tell you why particular features were built into our 1966 cars—from famous Ford ride and quietness, to "little things" which help refine and perfect the now-famous Ford concept of "total performance."

In simplest terms this concept covers the whole car and all aspects of the way it performs everything you want your Mustang to do for you (and some things you want it to avoid). A modern automobile must be not only a good performer under the hood, but easy-riding, comfortable, safe, good-looking, economical to operate, and easy to maintain.

Years of planning and research have gone into the features you will experience and enjoy. Our warranty for a full two years, or 24,000 miles, indicates our confidence in the reliability and durability of your new car. We hope you will take a moment, right now, to familiarize yourself with that warranty. It is explained fully on pages 67-71.

Remember to take your new Mustang for a test drive. I hope you will enjoy the ride as much as you enjoy the car.
