McMahon,2013-10-22 Genius With hints of madness and mystery moral license and visionary force the word suggests an almost otherworldly power the power to create to divine the secrets of the universe even to destroy Yet the notion of genius has been diluted in recent times Today rock stars football coaches and entrepreneurs are labeled geniuses and the word is applied so widely that it has obscured the sense of special election and superhuman authority that long accompanied it As acclaimed historian Darrin M McMahon explains the concept of genius has roots in antiquity when men of prodigious insight were thought to possess or to be possessed by demons and gods Adapted in the centuries that followed and applied to a variety of religious figures including prophets apostles sorcerers and saints abiding notions of transcendent human power were invoked at the time of the Renaissance to explain the miraculous creativity of men like Leonardo and Michelangelo Yet it was only in the eighteenth century that the genius was truly born idolized as a new model of the highest human type Assuming prominence in figures as varied as Newton and Napoleon the modern genius emerged in tension with a growing belief in human equality Contesting the notion that all are created equal geniuses served to dramatize the exception of extraordinary individuals not governed by ordinary laws The phenomenon of genius drew scientific scrutiny and extensive public commentary into the 20th century but it also drew religious and political longings that could be abused In the genius cult of the Nazis and the outpouring of reverence for the redemptive figure of Einstein genius achieved both its apotheosis and its Armageddon The first comprehensive history of this elusive concept Divine Fury follows the fortunes of genius and geniuses through the ages down to the present day showing how despite its many permutations and recent democratization genius remains a potent force in our lives reflecting modern needs hopes and fears The American Encyclopaedic Dictionary ,1894 The American Dictionary and Cyclopedia Robert Hunter,1900 **Undercover with a Seal** Cindy Dees,2015-07-01 A soldier becomes a protector to woman going up against organized crime in this romantic suspense from a New York Times bestselling author Going undercover in a seedy New Orleans club to find her brother Eve Hankova knows the dangers But she isn t prepared for the blazing heat arcing between her and the customer who buys her for his exclusive pleasure Like wildfire it burns hot and out of control Navy SEAL Ashe Konig knows no other way to protect Eve from the Russian mob she s infiltrated at the club But for this disillusioned loner is it a suicide mission As heavily armed mobsters breathe down their necks the stubborn woman refuses to quit Ashe doesn t know who poses the greater danger the ruthless killers who threaten their lives or the sweet innocent who threatens his heart Harlequin Romantic Suspense July 2015 Box Set Marie Ferrarella,Melissa Cutler,Cindy Dees,Addison Fox,2015-07-01 Looking for heart racing romance and breathless suspense Want stories filled with life and death situations that cause sparks to fly between adventurous strong women and brave powerful men Harlequin Romantic Suspense brings you all that and more with four new full length titles
