

JANUARY ... DOES IT BRING YOU JOY?

- 1 January is the time for renewal on many fronts. It's the time of the year to re-evaluate everything. If something or someone doesn't bring you joy, it's pretty pointless carrying on with it. If we want the best, we must do our best. We must keep our family space safe and secure so that we are thriving as a people and as a nation. 5
- 2 In order to live their best lives, people are spreading themselves thinner and thinner with multiple streams of income. In the process we earn more but live less, we lose our focus of what is important.
- 3 With social media, keeping up with other Instagrammers are having a devastating effect on self-perception. Everything appears to be real perfect, but the fabric of our society is frazzled. Use January to take stock and start navigating new ways of doing things. Instead of multiple streams of sole sessions, travel more, and connect with people and places that bring you joy. 10

North America in Question Jeffrey McKelvey Ayres,Laura Macdonald,2012-01-01 Can North America survive as a region in light of the political turbulence provoked by the global economic crisis Or have regional integration and collaboration reached a plateau beyond which disintegration is likely In North America in Question leading analysts from Canada the United States and Mexico provide theoretically innovative and rich empirical reflections on current challenges sweeping the continent and on the faltering political support for North American regionalism This collection begins by reviewing the recent trajectories and events that have undermined North America s trilateral relationship then addresses concerns that go beyond NAFTA and economic issues including labour immigration energy the environment quality of citizenship borders women s and civil society struggles and democratic deficits Although demonstrating that many informal dimensions of North American integration continue to flourish the contributors assess whether the future will hold greater economic instability security crises and emerging bilateral relationships **Parliamentary Papers** Great Britain.

Parliament. House of Commons,1908 *Democracy's Foot Soldiers* Reena N. Goldthree,2025-11-18 A captivating history of the Afro Caribbean soldiers who fought for the British Empire in World War I and their transnational campaign for equality Following the outbreak of World War I tens of thousands of men from the British Caribbean volunteered as soldiers to fight

on behalf of the British Empire Despite living far from the bloody battlefields of Europe these men enlisted for a variety of reasons to affirm their masculine honor pursue economic mobility or enhance their standing as colonial subjects Democracy s Foot Soldiers offers a sweeping account of the British West Indies Regiment the military unit established in 1915 for Caribbean volunteers documenting their service during the war and their dramatic battles for racial equality and fair treatment in the armed forces and on the home front Drawing on previously overlooked archival sources in the Caribbean England and United States Reena Goldthree demonstrates how wartime military mobilization spurred heightened demands for social economic and political reform in the colonial Caribbean She recovers the forgotten contributions of Afro Caribbean troops during the war following their harrowing journeys to military camps in Europe Africa and the Middle East Goldthree chronicles how after the war soldiers their families and their civilian allies launched their own war for democracy strategically using the rhetoric of imperial patriotism rather than the more militant language of anticolonial nationalism to fight for respect and equality Democracy s Foot Soldiers places these soldiers at the forefront of popular struggles over race labor and economic justice in the early twentieth century Caribbean showing that the war years were a crucial period of political ferment and mass mobilization in the region

Teachers and Politics in Japan Donald R. Thurston,2015-03-08 The Japan Teachers Union which represents 500 000 elementary and lower secondary school teachers is an important interest group in Japanese politics It is especially significant as a radical group operating both within and outside the political system and in direct conflict with conservative government policies in education and other areas of domestic and foreign policy Donald R Thurston s descriptive and analytic study of this most controversial labor union reveals a great deal about Japan s educational and political systems and about the teaching profession in Japan and its relations with government and the community It will therefore be of great interest both to political scientists and to those interested in comparative education The purpose of this broad cross sectional case study of the Japan Teachers Union was to find out how much influence it has had on its own members and on the formulation and implementation of educational policies The conclusion is

that the union is much more influential at the local level where educational policies are implemented and changed in the process of implementation than at the national level where policy is formulated It also shows that the Japan Teachers Union has changed teachers attitudes towards their roles and that although the JTU is attached to the left wing Japan Socialist Party it is much more autonomous than has been thought Originally published in 1973 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Globalizing Social Rights S. Kott, J. Droux, 2013-03-20 Based on the case of the ILO both as an actor and driver of international social policy this collection explores the internationalization process of social rights in a number of national and international contexts This collection brings together a variety of new scholarship by a group of highly qualified and internationally renowned scholars

The Transnationalized Social Question Thomas Faist, 2019 The social question is back Yet today s social question is not primarily between labour and capital as it was in the nineteenth century and throughout much of the twentieth The contemporary social question is located at the interstices between the global South and the global North It finds its expression in movements of people seeking a better life or fleeing unsustainable social political economic and ecological conditions It is transnationalized not only because migrants and their significant others

entertain ties across the borders of national states staying in touch with family and friends receiving or sending financial remittances in transnational social spaces Also of importance are cross border recruitment schemes for workers and the cross border diffusion of norms appealed to in the case of migration for example the social right to decent work as a human right Moreover migration can become an issue of inclusion or exclusion in fields important to life chances in the emigration transit or immigration states a transnationalization of national states And as in the nineteenth century political conflicts arise constituting the social question as a public concern In earlier periods class differences dominated conflicts While class has always been criss crossed by manifold heterogeneities not least of all cultural ones around ethnicity religion and language it is these latter heterogeneities that have sharpened in situations of immigration and emigration over the past decades Casting a wide net in terms of conceptual and empirical scope this book tackles both the social structure and the politics of social inequalities It sets a comprehensive agenda for research which also includes the public role of social scientists in dealing with the transnationalized social question **The Colonial Office List for ...** Great Britain.
