battle will decide the future of humanity If we cannot emancipate richness from money capital profit there is probably no hope Money seems invincible but the constant expansion of debt shows that its rule is fragile The fictitious expansion of money through debt is driven by fear fear of us fear of the rabble Money contains but richness overflows In this final part of his ground breaking trilogy John Holloway expertly fuses anti capitalism and anti identitarianism and brings hope into the critique of political economy and revolutionary theory challenging us to find hope within ourselves and channel it into a dignified revolutionary rage
