and ISBN 9781588501677 Book of the 1955 65 models Similarly owners of the Matchless Heavyweight singles are referred to ISBN 9781588502087 Book of the 1945 1956 models and ISBN 9781588502056 Book of the 1955 66 models **Classic Motorcycle Electrics Manual** James Smith, 2015-08-31 Even the most hands on of classic bike enthusiasts will often shy away from working on their bike's electrical system believing they have neither the skill nor the knowledge for such work Dr James Smith explains in *Classic Motorcycle Electrics Manual* that this need not be the case Starting with basic electrical theory the book demonstrates a wealth of electrical tips and techniques providing a progressive and detailed guide to tasks ranging from simple repairs and upgrades through to completely rewiring a classic motorcycle Illustrated profusely with full colour photographs and easy to following wiring diagrams this book will be an invaluable resource for all classic bike owners and restorers **Service and Overhaul Manual for the AJS & Matchless Motorcycles** F. have been omitted which considerably reduces the number of pages required to provide adequate detailed technical information. However, G80CS and G85CS owners that require additional repair and maintenance information are directed to workshop manual ISBN 9781588502582 which includes the 1957-1966 Matchless Heavyweight singles and owners of the P11 will find the Norton 1966-1970 Lightweight Heavyweight Twins workshop manual ISBN 9781588502421 to be of use as the P11 utilized an engine that was developed from the Norton Atlas model and that manual includes maintenance and repair information for the 750cc Atlas engine. We encourage you to exercise caution when purchasing technical publications for your G80CS, G85CS or P11 motorcycle as many of the reprints found on internet websites are from bedroom sellers at enticingly low prices by individuals that really have no idea what they are selling. Many are nothing more than poor quality comb-bound photocopies that are scanned and printed complete with greasy pages and thumbprints and as such are deceptively described as pre-owned, used or even refurbished. In addition, they are often advertised for the incorrect series and/or model years. However, VelocePress.com has been publishing reprints of motorcycle and automobile manuals since 2003 and our publications have earned excellent reviews worldwide so you can be assured you are purchasing a quality product.
