The Economics of Education Steve Bradley,Colin Green,2020-01-17 The Economics of Education A Comprehensive Overview Second Edition offers a comprehensive and current overview of the field of that is broadly accessible economists researchers and students This new edition revises the original 50 authoritative articles and adds Developed US and European and Developing Country perspectives reflecting the differences in institutional structures that help to shape teacher labor markets and the effect of competition on student outcomes Provides international perspectives that describe the origins of key subjects their major issues and proponents their landmark studies and opportunities for future research Increases developing county perspectives and comparisons of cross country institutions Requires no prior knowledge of the economics of education *The Distributional Impact of Taxes and Transfers* Gabriela Inchauste,Nora Lustig,2017-09-19 The World Bank has partnered with the Commitment to Equity Institute at Tulane University to implement their diagnostic tool the Commitment to Equity CEQ Assessment designed to assess how taxation and public expenditures affect income inequality poverty and different economic groups The approach relies on comprehensive fiscal incidence analysis which measures the contribution of each individual intervention to poverty and inequality reduction as well as the combined impact of taxes and social spending The CEQ Assessment provide an evidence base upon which alternative reform options can be analyzed The use of a common methodology makes the results comparable across countries This volume presents eight country studies that examine the distributional effects of individual programs and policy measures and the net effect of each country s mix of policies and programs These case studies were produced in the context of Bank policy dialogue and have since been used to

propose alternative reform options *Making College Work* Harry J. Holzer, Sandy Baum, 2017-08-15 Practical solutions for improving higher education opportunities for disadvantaged students Too many disadvantaged college students in America do not complete their coursework or receive any college credential while others earn degrees or certificates with little labor market value Large numbers of these students also struggle to pay for college and some incur debts that they have difficulty repaying The authors provide a new review of the causes of these problems and offer promising policy solutions The circumstances affecting disadvantaged students stem both from issues on the individual side such as weak academic preparation and financial pressures and from institutional failures Low income students disproportionately attend schools that are underfunded and have weak performance incentives contributing to unsatisfactory outcomes for many students Some solutions including better financial aid or academic supports target individual students Other solutions such as stronger linkages between coursework and the labor market and more structured paths through the curriculum are aimed at institutional reforms All students and particularly those from disadvantaged backgrounds also need better and varied pathways both to college and directly to the job market beginning in high school We can improve college outcomes but must also acknowledge that we must make hard choices and face difficult tradeoffs in the process While no single policy is guaranteed to greatly improve college and career outcomes implementing a number of evidence based policies and programs together has the potential to improve these outcomes substantially **Value for Money in School Education Smart Investments, Quality Outcomes, Equal Opportunities** OECD, 2022-11-29 Policymaking has always been a matter of making choices managing trade offs and balancing multiple goals and priorities to make complex budgetary decisions Yet the past few years have seen a rising number of priorities facing policymakers hence mounting pressure to enhance the efficiency of public spending Land Law and the Extractive Industries Victoria R Nalule, 2021-08-26 This book analyses the nexus between land access and the extractive industries in Africa specifically highlighting the gaps in energy land and mining laws and the practical solutions needed to settle the increasing number of land disputes in resource rich areas Access to land is essential for the successful operation of energy and mining projects However there are often social environmental and economic issues associated with acquiring land for these projects Socially many people are relocated economically local communities are not given adequate compensation environmentally pollution negatively impacts on the agricultural and fishing industries relied on by over 80% of the local communities Against this stark background and drawing from the author's fieldwork research this book addresses the important question of whether the different land tenure systems coupled with administration and registration procedures are adequate to address the increasing land disputes in oil and mineral rich African countries *Youth and Inequality in Education* Michael Heathfield, Dana Fusco, 2015-07-30 The transition to adulthood for many is mediated by class culture and local global influences on identity This volume analyzes the global injustices that create inequities and restrict future opportunities for young people during this transitional time including

poverty unemployment human rights race ethnicity and location It critically examines global instances of youth discrimination offering positive strategies and practices such as youth work that successfully remediate these injustices With international contributions from Aotearoa New Zealand Australia England Malaysia Peru Philippines Portugal Morocco Jordan and the U S this volume is particularly important to researchers and scholars in the fields of youth studies education and social work

Education for All 2000-2015: Achievements and challenges UNESCO,2015-04-08 Literaturverz S 414 459 *Handbook of Research on Cyber Approaches to Public Administration and Social Policy* Özsungur, Fahri,2022-06-10 During the COVID 19 era the functions of social policy and public administration have undergone a meaningful change especially with the advancement of digital elements and online and virtual functions Cyber developments cyber threats and the effects of cyberwar on the public administrations of countries have become critical research subjects and it is important to have resources that can introduce and guide users through the current best practices laboratory methods policies protocols and more within cyber public administration and social policy The Handbook of Research on Cyber Approaches to Public Administration and Social Policy focuses on the post pandemic changes in the functions of social policy and public administration It also examines the implications of the cyber cosmos on public and social policies and practices from a broad perspective Covering topics such as intersectional racism cloud computing applications and public policies this major reference work is an essential resource for scientists laboratory technicians professionals technologists computer scientists policymakers students educators researchers and academicians

Childcare, Early Education and Social Inequality Hans-Peter Blossfeld,Nevena Kulic,Jan Skopek,Moris Triventi,2017-04-28 Recognising that social change over recent decades has strengthened the need for early childhood education and care this book seeks to answer what role this plays in creating and compensating for social inequalities in educational attainment

Privatizing Welfare Services Henrik Jordahl,Mårten Blix,2021-01-11 Focusing on health care education and elderly care Privatizing Welfare Services draws on extensive research on the consequences of introducing market based mechanisms to deliver welfare services Empirical evidence over the last few decades is summarized and condensed to policy lessons How to balance equity and efficiency is a central theme The book also addresses the challenges of financing the Swedish model of welfare services as well as the importance of management practices and public opinion The privatization of service production has occurred despite major political controversy between two competing visions for the welfare state Successful experiments have spread organically to neighbouring municipalities What was done well in this process and what were the mistakes The book addresses the fundamental economic challenges the trends of the future and the implications for institutional design

The Early Years Inter-American Development Bank,Norbert Schady,2015-10-22 This book is open access under a CC BY NC ND 3 0 IGO license The Early Years analyzes the development of Latin American and Caribbean children and makes a compelling case for government intervention in what is instinctively a family affair Spending on effective programs for young children is

an investment that if done well will have very high returns while failure to implement such programs will lower the returns on the hefty investments being made in primary secondary and higher education Policies for young children belong at the core of a country s development agenda alongside policies to develop infrastructure and strengthen institutions However if the services provided or funded by governments are to benefit children they must be substantially better than what is currently being delivered in the region This book offers suggestions for improving public policy in this critical area

Access, Quality, and the Global Learning Crisis Sarah Kabay,2021 The global learning crisis is one of the most critical challenges facing the world today Through a case study of over 400 schools and communities in Uganda this book presents evidence that challenges the key assumption that there is a trade off between access and quality in improving basic education around the world
