Service,1929 Good Schools Guide Lucas Publications,2003-06-02 **Conversations about Calling** Valerie

Myers,2013-07-18 *Conversations about Calling* explores management perspectives of the calling construct Using Max Weber's seminal work *The Protestant Ethic and the Spirit of Capitalism* as a starting point Myers seeks to enrich management perspectives of calling by integrating the contributions of other disciplines to the literature on calling While the word calling is casually used as shorthand for my ideal job the calling concept has provoked deeper and varied interest among the secular and spiritual circles of both scholars and practitioners Structured around the idea of four conversations the book aims to promote a holistic examination of calling Each conversation has a different focus elucidating important dimensions of calling and together they provide a truly comprehensive view Part I of the book examines existing conversations in management while part II explores calling across disciplines and eras from the 1500s to the present Finally part III unifies all conversations in a comprehensive theory then discusses its application and implications for practitioners and organizations With a strong theoretical grounding the book also incorporates practical applications supported by case studies Anyone interested in ethics or management and spirituality will benefit from reading this book Please visit www.conversationsaboutcalling.com to rate the book and write a review
