

How To Help **CHILDREN** Overcome *Jealousy*

Understand the reason behind their jealousy to come up with an effective solution.

Turn jealousy into motivation. For example, if they envy their friend's good grades, encourage them to work harder to do much better in their studies.

Narrate stories about moral values to help them understand that their behavior is wrong.

Compliment others for their success and share with an open heart to set an example in front of your children.

If you have multiple children, don't compare them with one another, and never be partial to anyone.
