Elite Guard Trainig Program:

Interview with History Pamela J. Ray, James E. Files, 2007-09-19 looks behind the scenes at some of the most shocking and horrific things going on here in America starting with the daytime assassination of President John F Kennedy and the implications it serves up to the citizens of a free country The author Pamela Ray along with James Files former CIA Mob hit man the infamous grassy knoll shooter explore the truths behind some basic questions still lingering decades after the JFK assassination Why was President Kennedy killed Who benefited Who had the power to cover it up And more specifically Did Lee Harvey Oswald spend time with James Files the week before November 22 1963 Why Did Files and Oswald have the same CIA controller David A Phillips Was there a military and CIA presence in Dealey Plaza when the fatal shots were fired What is the Military Industrial Complex and why were American citizens warned about it by President Eisenhower in his farewell address to the nation Are some of the same players from 1963 involved in today's headlines What does all this indicate These questions and more will be looked at as Ray and Files discuss the events surrounding the fateful day in Dallas when a whole new form of government took over During the course of Interview with History the authors delve into other related shadowy underworld subjects where it is hard to tell where Organized Crime stops and the CIA and other U S government agencies begin

Technology-Based Pilot Programs National Research Council, Division on Engineering and Physical Sciences, Commission on Engineering and Technical Systems, Committee on Reserve Forces for 2010 and Beyond, 1999-09-01 As the twenty first century approaches the number of full time active duty personnel in the U S military excluding the Reserves and National Guard is about 1.4 million the lowest level since before World War II Nevertheless the U S military is supposed to be prepared to fight two major theater wars almost simultaneously while conducting peacekeeping operations and other assignments around the globe To fulfill this wide range of missions the U S military must continue to rely on the Reserves and National Guard which are known collectively as the reserve components The current number of reserve components is almost equal to the number of active duty personnel In the case of the U S Army the number of reserves is double the number of active personnel This study addresses how technology can be used to improve the readiness and effectiveness of the reserve components and their integration with the active components Many technologies are expected to enhance the capabilities of the U S military in the twenty first century including precision weapons high fidelity sensors long range surveillance enhanced stealth characteristics and advanced communications and information systems This study reaffirms the importance of improved communication and information systems for improving comprehensive training and accelerating the mobilization of reserve components for military missions in the coming decade Although programs using these technologies are already under way in both the reserve and active components of the military this study focuses on the effectiveness of reserve components and active reserve integration
