**Functional Behavioral Assessment, Diagnosis, and Treatment, Third Edition** Ennio Cipani, 2017-07-28. Featuring a highly interactive approach, this text is noted for its exceptionally clear and thorough coverage of how to conduct a functional behavioral assessment (FBA) through various assessment methods, how to diagnose the function of problem behaviors, and how to select a behavioral intervention that addresses the diagnosed function. The development of requisite behavior analytic skills is aided by utilizing many real-life and hypothetical cases that represent common scenarios in applied settings. Highlights include: Interactive approach icons in the text alert readers to review related narrated on-line lectures highlighting FBAs and treatments and complete assignments embedded in text. Numerous cases, many based on the author's clinical experiences in working with children and adults in educational and mental health settings, provide a realistic look at applied behavior analysis. Forms, interview protocols, and intervention plans illustrate the process of creating behavior plans from collected assessment data. A pioneering classification system for categorizing the function of problem behavior. Cipani BCS Cases that model the process of assessment, classification, and treatment used in an FBA allow readers to role-play and develop presentation and classification skills. New to this edition: Chapter objectives and BACB Standards that match the content to be covered with objectives from the Behavior Analyst Certification Board (BACB) task list help readers master some of the skills required of behavior analysts. Assignments and discussion items with associated narrated Power Point lectures to further engage readers. Simulation Exercises to actively involve readers in collecting data, conducting an assessment, demonstrating the use of a function, or observing how to shape an alternate behavior. Self-Assessment exercises to help readers test their understanding of the content. The Cipani EO School Behavioral Interview Rating System to help in conducting interviews. The Cipani Replacement Function Classification System for determining the strength of replacement behaviors. Online instructor's resources including test items tied to the chapter objectives, a conversion guide for adopters, tips for creating a course syllabus, and using the discussion questions and assignments and the chapter objectives. The BACB
