Office of Management and Budget, 2015

Budget of the United States Government United States. Office of Management and Budget, 2014 Appendix, Budget of the United States Government, Fy 2015 Executive Office Of The President, Office of Office of Management and Budget (U.S.), 2014-04-15 Presents detailed information on individual programs and appropriation accounts that constitute the budget Includes for each Government department and agency the text of proposed appropriations language budget schedules for each account new legislative proposals and explanations of the work to be performed and the funds needed and proposed general provisions applicable to the appropriations of entire agencies or groups of agencies **Crypto Wars** Craig Jarvis, 2020-12-30 The crypto wars have raged for half a century In the 1970s digital privacy activists prophesied the emergence of an Orwellian State made possible by computer mediated mass surveillance The antidote digital encryption The U S government warned encryption would not only prevent surveillance of law abiding citizens but of criminals terrorists and foreign spies ushering in a rival dystopian future Both parties fought to defend the citizenry from what they believed the most perilous threats The government tried to control encryption to preserve its surveillance capabilities privacy activists armed citizens with cryptographic tools and challenged encryption regulations in the courts No clear victor has emerged from the crypto wars Governments have failed to forge a framework to govern the at times conflicting civil liberties of privacy and security in the digital age an age when such liberties have an outsized influence on the citizen State power balance Solving this problem is more urgent than ever Digital privacy will be one of the most important factors in how we architect twenty first century societies its management is paramount to our stewardship of democracy for future generations We must elevate the quality of debate on cryptography on how we govern security and privacy in our technology infused world Failure to end

the crypto wars will result in societies sleepwalking into a future where the citizen State power balance is determined by a twentieth century status quo unfit for this century endangering both our privacy and security This book provides a history of the crypto wars with the hope its chronicling sets a foundation for peace **Managing Public and Nonprofit**

,1994 **EMU Integration and Member States' Constitutions** Stefan Griller,Elisabeth Lentsch,2021-02-25 In this book legal scholars from the EU Member States with the addition of the UK analyse the development of the EU Member States attitudes to economic fiscal and monetary integration since the Treaty of Maastricht The Eurozone crisis corroborated the warnings of economists that weak economic policy coordination and loose fiscal oversight would be insufficient to stabilise the monetary union The country studies in this book investigate the legal and in particular the constitutional pre conditions for deeper fiscal and monetary integration that influenced the past and might impact on the future positions in the now 27 EU Member States The individual country studies address the following issues Main characteristics of the national constitutional system and constitutional culture Constitutional foundations of Economic and Monetary Union EMU membership and related instruments Constitutional obstacles to EMU integration Constitutional rules and or practice on implementing EMU related law and The resulting relationship between EMU related law and national law Offering a comprehensive and detailed assessment of the legal and constitutional developments concerning the Economic and Monetary Union since the Treaty of Maastricht this book provides not only a study of legal EMU related measures and reforms at the EU level but most importantly sheds light on their perception in the EU Member States *Yearbook of International*

Organizations 2014-2015, Volumes 1a & 1b (Set) Union of International Associations,2014-06-16 Volume 1 A and B covers international organizations throughout the world comprising their aims activities and events **Oxford Textbook of Geriatric Medicine** Jean-Pierre Michel,B. Lynn Beattie,Finbarr C. Martin,Jeremy D. Walston,2018 The third edition of the definitive international reference book on all aspects of the medical care of older persons will provide every physician involved in the care of older patients with a comprehensive resource on all the clinical problems they are likely to encounter as well as on related psychological philosophical and social issues *Gauging the Value of Education for Disenfranchised*

Youth ,2017-11-26 Disengagement of youth from schooling is an issue of significant national and international concern and is a key driver of educational policy and reform that look to maximise school retention for the benefit of both students and the wider community In Australia Flexible Learning Options FLOs have arisen as a response to the premature disengagement from schooling of a sizeable number of Australian youth FLOs attend to the educational social and well being needs of young

people experiencing complex life circumstances yet empirical evidence of their value to date has been largely anecdotal The significance of this book lies in its innovative approach to gauging the value of FLOs to young people themselves as well as the wider Australian community Drawing on past research and new findings from a national investigation the authors provide novel insight into the pressures pushing young people out of schools and the mechanisms at work in FLOs to re engage them in education The varied contributions of this book elucidate many of the measurable impacts of FLOs on the life trajectories of disenfranchised youth including improved economic integration mental and emotional wellbeing and myriad other outcomes The significance of this project lies in its exploration of how young people and staff understand the transformative nature of the FLO experience with an analysis that brings to light the wider value of this type of educational intervention in terms of long term community benefit

Globalisation, Migration and Health Andre M. N. Renzaho, 2016 As globalisation gains momentum international migration continues to divide opinion and polarise policy makers politicians and advocates This polarisation has been reflected in research and publications with pro globalisation being pitched against anti globalisation on the one hand and an explosion of research on migration on the other This book examines the interaction between the two and their impact on health for the first time highlighting the myths and realities from an international multi disciplinary perspective The book starts with an examination of the complex and multifaceted aspects of the globalisation phenomenon and its impact on population displacement and health and concludes with a regional level analysis supported by country specific examples By highlighting common issues and differences across the globe this book shows policy makers political leaders and international committees on migration the specificities of global migration and good practice across the world Particular attention is paid to practical policy responses and governance as well as legal frameworks to manage the dynamics of migration engage international institutions and to maximise the benefits that internal and international migration bring

exercises audio and video clips Wrestling the Angel Terryl L. Givens, 2014-10-03 In this first volume of his magisterial study of the foundations of Mormon thought and practice Terryl L Givens offers a sweeping account of Mormon belief from its founding to the present day Situating the relatively new movement in the context of the Christian tradition he reveals that Mormonism continues to change and grow Givens shows that despite Mormonism's origins in a biblical culture strongly influenced by nineteenth century Restorationist thought which advocated a return to the Christianity of the early Church the new movement diverges radically from the Christianity of the creeds Mormonism proposes its own cosmology and metaphysics in which human identity is rooted in a premortal world as eternal as God Mormons view mortal life as an enlightening ascent rather than a catastrophic fall and reject traditional Christian concepts of human depravity and destiny Popular fascination with Mormonism's social innovations such as polygamy and communalism and its supernatural and esoteric elements angels gold plates seer stones a New World Garden of Eden and sacred undergarments have long overshadowed the fact that it is the most enduring and even thriving product of the nineteenth century's religious upheavals and innovations Wrestling the Angel traces the essential contours of Mormon thought from the time of Joseph Smith and Brigham Young to the contemporary LDS church illuminating both the seminal influence of the founding generation of Mormon thinkers and the significant developments in the church over almost 200 years The most comprehensive account of the development of Mormon thought ever written Wrestling the Angel will be essential reading for anyone seeking to understand the Mormon faith
