GEM HUNTER George Frangoulis, 2015-04-18 Gem hunting can be like playing the geological lottery. You may spend hours performing backbreaking work and pay fees for access to mine tailings only to find a few semiprecious stones that aren't worth much. Another person may randomly reach into a pile of dirt and pull out a diamond worth thousands of dollars. Looking for interesting gems and crystals can be a rewarding hobby even if you don't hit the jackpot. Many recreational gem hunters enjoy spending time outdoors learning about geology and hanging out with their gem hunting friends. Whether you're new to gem hunting or a seasoned pro, this new book provides in-depth information on some of the Earth's most sought-after precious and semi-precious gemstones.
