

40. What is an active cooling solution for a PC?

- Reduce the speed of the CPU.
- Add a heatsink to the CPU.
- **Add an additional case fan.***
- Use a painted computer case.

Explanation Active cooling solutions require power (like adding a case fan) while passive cooling solutions do not.

41. Which tool can protect computer components from the effects of ESD?

- **antistatic wrist strap***
- surge suppressor
- UPS
- SPS

Explanation An antistatic wrist strap equalizes the electrical charge between the technician and the equipment and protects the equipment from electrostatic discharge.

42. Which type of interface was originally developed for high-definition televisions and is also popular to use with computers to connect audio and video devices?

- FireWire
- DVI
- **HDMI***
- USB
- VGA

Explanation High definition multimedia interface, or HDMI, was originally a television standard. However, because it has many digital features, it is also a popular interface to connect audio and video devices to computers.

43. Which statement describes a characteristic of SRAM in a PC?

- It is used as main RAM in a PC.
- It has the highest power consumption.
- **It is used for cache memory.***
- It has a connector with 240 pins.

Explanation SRAM is used for cache memory. It takes a small, but constant source of power to function.

44. A customer has a computer for a home business, but wants to have another computer as a web server. What would be the best solution for the customer to share the monitor, mouse, and keyboard between the two computers?

- access point
- **KVM switch***
- multipurpose device
- network switch
- USB hub

The Answer Joseph Brice,2024-07-20 When we pray Have you ever prayed for something and later realized the

answer you received wasn't what you expected. It can be confusing and frustrating. Sometimes we even reject the answer and pray again, convinced it couldn't possibly be from God. Often we miss the answers to our prayers because of our preconceived notions about how they should appear. When the solution doesn't match our expectations, we doubt its authenticity and seek an alternative that aligns with our imagination. However, it's crucial to understand that God's answers to our prayers may not always come in the form we anticipate. They might be disguised in unexpected situations or come from people we never thought could offer a solution. Keeping an open mind and trusting that God's ways are higher than ours is essential. When we pray, we seek solutions for our immediate desires and needs. Yet the effects of our prayers can extend far beyond our own lives. Our existence might be the answer to someone else's prayers from centuries ago, highlighting the profound influence of prayer. Its responses can ignite hope and inspiration not just within us but also in those around us. The quest for a solution to a problem can be arduous and emotionally taxing, yet this distress can lead us to discover the solution. Conversely, we might endeavor to find a solution to someone else's problem without realizing that we are the solution ourselves; we might be the answer to their prayer. This interconnectedness reminds us of the ripple effect our prayers can create. Before Jesus went to the cross, he saw a portion of his destiny as a filled cup in a collage of tests and trials. He prayed three times that this cup would pass him, as he did not want to drink from it. God did not answer him. However, during his third request, Jesus submitted to God's will, saying, "Nevertheless, not my will, but your will be done." When life becomes challenging and we yearn for a different answer from God, His silence can be our answer. God may not alter His will for our lives. Have you ever wondered if the answer to a question you've been grappling with is already out there? If we can formulate a question, God already has the answer. With God, the answer always precedes the question. He comprehends the end from the beginning and is the Alpha and Omega, the Beginning and the End, the First and the Last. The Scripture says, "The Lamb was slain before the foundations of the world," reaffirming God's omniscience and omnipotence and reminding us that He is perpetually in control. Before humanity ever sinned, the solution to the problem was already in place. God had already provided the Answer because He is the Answer. Everything we need is in Him. He is the thirst and the water that quenches the thirst. He is the air we breathe and the lungs that desperately need it. He is the hunger and the food that satisfies. He is everything we need and more. He is God. Be cautious not to dismiss your answered prayer simply because it doesn't align with your expectations. This is a common pitfall, like the religious leaders known as the Pharisees, who missed out on salvation by not recognizing Jesus because He didn't fit their preconceived image of a messiah. Similarly, we might overlook our blessings if we are too fixated on what The Answer should look like. Remember, we should do what we can and leave the things beyond our reach to God. Today we face many challenges, and people want answers. When we pray, we should strive to have faith in God, knowing that Jesus is The Answer.

IT Essentials Companion Guide v6 Cisco Networking Academy, 2016-10-28 IT Essentials v6 Companion Guide supports the Cisco Networking Academy IT Essentials version 6 course. The course is designed for Cisco Networking

Academy students who want to pursue careers in IT and learn how computers work how to assemble computers and how to safely and securely troubleshoot hardware and software issues As CompTIA Approved Quality Content the course also helps you prepare for the CompTIA A certification exams 220 901 and 220 902 Students must pass both exams to earn the CompTIA A certification The features of the Companion Guide are designed to help you study and succeed in this course Chapter objectives Review core concepts by answering the focus questions listed at the beginning of each chapter Key terms Refer to the updated lists of networking vocabulary introduced and turn to the highlighted terms in context Course section numbering Follow along with the course heading numbers to easily jump online to complete labs activities and quizzes referred to within the text Check Your Understanding Questions and Answer Key Evaluate your readiness with the updated end of chapter questions that match the style of questions you see on the online course quizzes This icon in the Companion Guide indicates when there is a hands on Lab to do All the Labs from the course are compiled and published in the separate book IT Essentials v6 Lab Manual Practicing and performing all these tasks will reinforce the concepts and help you become a successful PC technician
