**Handbook of Children's Rights** Martin D. Ruck, Michele Peterson-Badali, Michael Freeman, 2016-12-08 While the notion of young people as individuals worthy or capable of having rights is of relatively recent origin over the past several decades there has been a substantial increase in both social and political commitment to children's rights as well as a tendency to grant young people some of the rights that were typically accorded only to adults In addition there has been a noticeable shift in orientation from a focus on children's protection and provision to an emphasis on children's participation and self-determination With contributions from a wide range of international scholars the Handbook of Children's Rights brings together research theory and practice from diverse perspectives on children's rights This volume constitutes a comprehensive treatment of critical perspectives concerning children's rights in their various forms Its contributions address some of the major scholarly tensions and policy debates comprising the current discourse on children's rights including the best interests of the child evolving capacities of the child states rights versus children's rights rights of children versus parental or family rights children as citizens children's rights versus children's responsibilities and balancing protection and participation In addition to its multidisciplinary focus the handbook includes perspectives from social science domains in which children's rights scholarship has evolved largely independently due to distinct and seemingly competing assumptions and disciplinary approaches e.g. childhood studies developmental psychology sociology of childhood anthropology and political science The handbook also brings together diverse methodological approaches to the study of children's rights including both quantitative and qualitative perspectives and policy analysis This comprehensive cosmopolitan and timely volume serves as an important reference for both scholarly and policy-driven interest in the voices and perspectives of children and youth

[International Parental Child Abduction and](#)

the Law Geraldine Carney, 2024-06-13 Japan has faced widespread scrutiny for failing to properly address international parental child abduction involving its citizens This book examines how and why Japan has come to have this tarnished image its response and how it might manage these disputes in the future In particular the book explores how Japan engages with international legal frameworks to manage international parental child abduction and what this means in reality for Japanese people and others who come under its wide umbrella A focus of this examination is how the key international treaty the Hague Convention of 25 October 1980 on the Civil Aspects of International Child Abduction has fared since being introduced in Japan in 2014 Case studies of parental child abduction involving Japan are used throughout to illustrate the legal and social concepts discussed in the book The struggles of both abducting and left behind parents across fluid international borders reveal seismic social and philosophical shifts in Japan that continue to shape its legal landscape This book will be a useful resource for students of Japanese Studies Sociolegal Studies Comparative Law and International Law *Fodor's Cancun and the Riviera Maya 2014* Fodor's Travel Guides, 2013-09-24 As the gateway to the Riviera Maya Cancun is a thriving beach community and Mexico's most popular tourist destination In stunning full color Fodor's Cancun and the Riviera Maya 2014 ebook edition illustrates the best beaches resorts restaurants and activities in the region including Cozumel and the Yucatan New Coverage Curated content for the Yucatan Peninsula as well as the best new hotels spas and restaurants have been added Beach reviews include Best For rankings that help travelers choose the perfect beach Indispensable Trip Planning Tools It's easy to plan a vacation for any interest using the guide's Top Experiences and Great Itineraries sections Best Beaches lists maps that locate Cancun's hottest nightclubs and tips for families weddings and honeymoons Discerning Recommendations Fodor's Cancun and the Riviera Maya 2014 offers savvy advice and recommendations from seasoned updaters to help travelers make the most of their time Fodor's Choice designates our best picks from hotels to nightlife Word of Mouth quotes from fellow travelers provide valuable insights ABOUT FODOR'S AUTHORS Each Fodor's Travel Guide is researched and written by local experts *Breaking Conventions* Patricia Auspos, 2023-07-13 This rich history illuminates the lives and partnerships of five married couples two British three American whose unions defied the conventions of their time and anticipated social changes that were to come in the ensuing century In all five marriages both husband and wife enjoyed thriving professional lives a shocking circumstance at a time when wealthy white married women were not supposed to have careers and career women were not supposed to marry Patricia Auspos examines what we can learn from the relationships of the Palmers the Youngs the Parsons the Webbs and the Mitchells exploring the implications of their experiences for our understanding of the history of gender equality and of professional work In expert and lucid fashion Auspos draws out the interconnections between the institutions of marriage and professional life at a time when both were undergoing critical changes by looking specifically at how a pioneering generation tried to combine the two Based on extensive archival research and drawing on mostly unpublished letters journals pocket diaries poetry and autobiographical

Berk,2022-07-26 In the Ninth Edition of Infants and Children Prenatal Through Middle Childhood renowned professor researcher and author Laura E Berk takes an integrated approach to presenting development in the physical cognitive emotional and social domains emphasizing the complex interchanges between heredity and environment providing exceptional multicultural and cross cultural focus and offering research based practical applications that students can relate to their personal and professional lives **Sexting and Cyberbullying** Shaheen Shariff,2014-12-29 Directed at policy makers legislators educators parents the legal community and anyone concerned about current public policy responses to sexting and cyberbullying this book examines the lines between online joking and legal consequences It offers an analysis of reactive versus preventive legal and educational responses to these issues using evidence based research with digitally empowered kids Shaheen Shariff highlights the influence of popular and rape culture on the behavior of adolescents who establish sexual identities and social relationships through sexting She argues that we need to move away from criminalizing children and toward engaging them in the policy development process and she observes that important lessons can be learned from constitutional and human rights frameworks She also draws attention to the value of children s literature in helping the legal community better understand children s moral development and in helping children clarify the lines between harmless jokes and harmful postings that could land them in jail **Design for Education** Ana Rute Costa,Rachel Cooper,2024-07-31 This book charts the impact of design on education specifically focusing on how design can shape the spaces and tools for learning This edited collection brings together the work of designers architects engineers professionals educators and researchers and presents a series of case studies and research developed from across Europe North America South America Africa Australia and Asia The book provides the tools to develop innovative approaches to

design for education and illustrates the conversation and action required to foster socially responsible design for education. As the contributions show, we must look at education as an input and output of a complex system and we need to adopt an interdisciplinary, multiple stakeholder approach bringing together experts from a range of different fields and backgrounds as a cohesive strategy to improve future learning and teaching environments. Providing guidance and a theoretical framework for designing spaces and tools for learning, this book will be a useful resource for design and architecture students as well as practitioners, educational researchers, educational practitioners, policymakers, and behaviour and built environment researchers.

Inklusion Traugott Böttinger, 2016-11-16. Inklusion ist ein gesellschaftliches Leitthema, das weit über das Bildungs- und Schulsystem in fast alle gesellschaftlichen Teilbereiche ausstrahlt. Aufgrund gesetzlicher Verankerung verfügt der Inklusionsdiskurs über eine starke Legitimation und große Deutungsmacht. Andererseits ist Inklusion vor allem in Bezug auf die Form ihrer Umsetzung auch umstritten. Der Band beschäftigt sich zur Einführung in die Thematik mit Inklusion als gesellschaftlicher Leitidee und schulischer Aufgabe. Es wird der Frage nachgegangen, welche Rolle Inklusion auf gesellschaftlicher und schulischer Ebene einnimmt, wobei die bildungspolitischen Meilensteine schulischer Inklusion ebenso beleuchtet werden wie der Stand der Umsetzung inklusiver Beschulung. Dabei lenkt der Band den Blick vor allem auf die Spannungsfelder zwischen moralischem Inklusionsgebot und den widersprüchlichen, oft exkludierenden Folgewirkungen in der Praxis.

*Identifying, Preventing and Combating Bullying in Gifted Education* Fernanda Hellen Ribeiro Piske, Kristina Henry Collins, 2022-05-01. Acts of bullying and victimization experienced by gifted individuals is a seriously neglected problem, leaving many of these students emotionally shaken and subject to extreme anxiety and depression. Even more based on certain common characteristics of giftedness, in particular, some gifted individuals can find themselves very vulnerable to bullying, which can cause even more difficulties in their interpersonal relationships and development. Despite its importance in the social, emotional, wellness, and mental health of gifted children, many related books do not discuss bullying as a primary or exclusive topic for students with high abilities. *Identifying, Preventing and Combating Bullying in Gifted Education* provides a critical review and expanded context within gifted education to include social, emotional, and cultural (SEC) components of the bullying phenomenon. It offers a global, multidisciplinary perspective and has the differential of helping all stakeholders of gifted education and programming identify, prevent, and combat different forms of bullying and other aggressive behaviors that negatively impact the quality of education for all gifted students. It presents a balance between theoretical, methodological, and empirical chapters with research testimonies and experiences of the authors, clients, and students shared. Structured and integrated around a coherent central theme, an additional introduction stages the three sections of the book, with each of the chapters strategically crafted to better equip readers with ways to identify, prevent, and intervene in actions of bullying in gifted education. Specifically, it serves as a fundamental resource for educators, teacher trainers, mental health professionals, and families of gifted students at all grade levels. As a call to action, this book aims to better equip readers as

advocates in their service to all students and gifted students in particular Research based content and topics include identifying the aggressors the victims and the bystanders of bullying peer to peer bullying in depth personal and global look at the relationship between giftedness vulnerable populations and bullying gifted and talented education policy and practices that foster a micro aggressive environment and issues of equity for special populations such as underrepresented student in gifted education Culminating a unique and more comprehensive perspective the contributors are internationally recognized and award winning experts who have committed their professional life to work that positively impact the emotional well being of students as a critical element to their cognitive and talent development Leading authors and specialists from around the world and from different academic disciplines and backgrounds to include education engineering physics counseling and psychiatry are featured

*Kids and branding in a digital world* Barry Gunter, 2015-11-01 As consumer markets have developed and become more crowded and competitive so brands have become more important in enabling consumers to make informed choices This book shows how children become engaged with brands and understand what they mean and how their relationship with brands changes over time as they mature as consumers It sets this development against the changes that have occurred in styles of brand promotion in the digital world where more subtle ways of reaching consumers have been developed by brand marketers Children become aware of brands from an early age Even before they start school they can recognise brand names and ask for brands by name The meaning of brands to children can vary dramatically with age As with other aspects of consumer socialisation children s initial orientation towards brands occurs at a superficial level because their level of cognitive development does not allow them to understand deeper seated symbolic meanings of brands Children s understanding of brands and the relationships they have with them may also be influenced by the new promotional techniques developed by marketers Children s recognition of advertisements depends upon being able to identify specific features which signal a persuasive message In the online world of social media and computer games the presence of brands may not be recognized as advertising and so the usual learned defenses against persuasion are not triggered This could place young consumers at a disadvantage This phenomenon has raised important questions for parents educators and marketing regulators and these are addressed in this book through reference to the latest research and writings from around the world

**Young Children's Rights in a Digital World** Donell Holloway, Michele Willson, Karen Murcia, Catherine Archer, Francesca Stocco, 2021-08-19 This volume focuses on very young children s aged 0 8 rights in a digital world It gathers current research from around the globe that focuses on young children s rights as agental citizens to the provision of and participation in digital devices and content as well as their right to protection from harm The UN Digital Rights Framework of 2014 addresses children s needs agency and vulnerability to harm in today s digital world and implies

roles and responsibilities for a variety of social actors including the state families schools commercial entities researchers and children themselves This volume presents a broad range of research including chapters on parental supervision and control the changing forms of play early childhood education media and cultural studies law design health special needs education and engineering Implicit within this book is the acknowledgement that children of various ages abilities socioeconomic and geographic backgrounds should have equal access to and positive non harmful experiences with new digital technologies and content as well as adult support and expertise that enhances these experiences This passionate book celebrates the diversity of young children s activities in the digital world It interrogates these through four intersecting lenses their rights play experiences contextualised design and best practice Balancing children s eager engagement with digital content alongside adult responsibilities for education privacy and protection the volume provides a fitting showcase for work of global relevance Professor Lelia Green Professor of Communications Edith Cowan University Perth Western Australia This compelling text provides a critical resource to inform our understanding of the intersection of the digital world and children s rights Ilene R Berson Ph D Professor of Early Childhood Education Affiliate Faculty Learning Design Technology Area Coordinator Early Childhood Coordinator Early Childhood Ph D Program University of South Florida College of Education A truly international collection that investigates young children s engagement with digital technologies Identifying issues of public interest around digital practices this highly readable book is a valuable resource for researchers parents and policy makers Professor Susan Danby Director ARC Centre of Excellence for the Digital Child and Faculty of Education School of Early Childhood and Inclusive Education QUT Kelvin Grove Queensland

**Child and Family Practice** Shelley Cohen Konrad, 2019-11-01 Child and Family Practice A Relational Perspective Second Edition presents important guidelines and principles for working with children their families and their service providing organizations It is grounded in the traditional social work theories of relationship with emphasis on three core concepts relational connection evidence guided knowledge and reflexivity With this text students can connect theory to evidence based practice and use realistic case studies for classroom role play and engaging discussion Cohen Konrad s goal is to help students connect science theory and the human qualities necessary to effect positive change and inspire hope in the lives of children and families

Cyberbullying and Sexting Elizabeth Agnew, 2024-02-08 Drawing on two empirical studies and influential theoretical frameworks this book provides a critical overview of the key regulatory challenges concerning cyberbullying and sexting behaviours among young people persons under 18 years The author explores issues such as conceptualising the behaviours examining the prevailing presence of sexism myths and stereotypes surrounding gender roles and identity and the limitations of criminal law as an effective regulatory tool In doing so identifying peer based sexting behaviours as part of a continuum of sexual behaviour is promoted alongside the need to consider interventions beyond the legal landscape and in line with the United Nations Convention on the Rights of the Child In the main priority is given to non legal responses and the need for

more effective and comprehensive gender sensitive education programmes The book therefore provides a more developed conceptual understanding of sexting and cyberbullying behaviours among young people

### **Contemporary Family Law**

Susan S. M. Edwards, Judith Bray, 2025-01-21 Taking a fresh and modern approach Contemporary Family Law Principles and Practice gives students all the information they need to develop a clear understanding of this fascinating area of the law Covering the very latest developments in family law each chapter uses contemporary cases as a window to introducing core legal concepts principles and developments emphasising the dynamism and evolving nature of family law in which practitioners campaigners law reformers and students all play their part Key features include Developments in family law are considered not only from a vantage point of judicial decision making but also from the perspective of the contribution made by solicitors barristers and experts This encourages students to develop a sense of their own potential agency when as future practitioners they represent their clients and engage in law reform In considering legal argument and case determination the book places equality front and centre including access to justice Each chapter provides further reading with online links and URLs and a set of self test questions including problem scenarios and discursive essay questions Each form of assessment reflects the levels of educational attainment and mirrors testing techniques relevant to academic examination and legal professional and vocational practice courses This uniquely contemporary textbook will be essential reading for all students of family law

Law and Migration in a Changing World Marie-Claire Foblets, Jean-Yves Carlier, 2022-04-05 This volume comprises national reports on migration and migration law from 17 countries representing all continents The vast majority of these are countries of immigration which means they face specific challenges in terms of managing migratory flows that are increasingly linked with climate change and scarce natural resources worldwide and they need to find viable ways to integrate humanitarian migration Unlike so many recent publications in the field of international migration law this book brings together reports on diverse countries that are rarely regarded as part of one and the same picture depicting globalized migration in the contemporary era that to a large extent challenges state sovereignty The contributions delineate the legal regimes that individual states are continually developing and modifying with a view to managing and controlling access of individual persons to their respective territories They also show how the restrictive measures that states resort to in the event of failure to manage migration could have a lasting legal impact The General Report preceding the country reports provides a comparative overview of the national reports and is divided into two parts The first more technical in nature addresses the classic questions relating to admission to and residence in a country The second more reflective section examines the relationship between laws and migration in a wider and multidisciplinary perspective To allow a robust comparison the country reports all follow a similarly wide ranging structure to the extent possible they also cover the historical sociological and demographic factors that help explain legal regimes and migratory flows in each country Each country report includes analyses of recent legislative developments and delicate questions that are still awaiting adequate

legal responses as well as perspectives for the future
