Meri,2006 Examines the socio cultural history of the regions where Islam took hold between the 7th and 16th century This two volume work contains 700 alphabetically arranged entries and provides a portrait of Islamic civilization It is of use in understanding the roots of Islamic society as well to explore the culture of medieval civilization **Kalila and Dimna** Ramsay Wood,2013-11 KALILA AND DIMNA or The Panchatantra also known in Europe since 1481 as The Fables of Bidpai is a multi layered inter connected and variable arrangement of animal stories with one story leading into another sometimes three or four deep These arrangements have contributed to world literature for over 2000 years migrating across ancient cultures in a multitude of written and oral formats All our beast fables from Aesop and the Buddhist Jataka Tales through La Fontaine to Uncle Remus owe this strange shape shifting book a huge debt In its original Arabic format Kalila and Dimna The Panchatantra being its Sanskrit precursor ostensibly constitutes a handbook for rulers a so called Mirror for Princes illustrating indirectly through a cascade of teaching stories and verse how to and how not to run the kingdom of your life In their slyly profound grasp of human nature at its best and worst these animal fables usually avoiding any moralistic

human criticism serve up digestible wise counsel for us all Based on his collation of scholarly translations from key Sanskrit Syriac Arabic and Persian texts as well as the 1570 English rendition by Thomas North this is the first uncompromisingly modern re telling in either the East or West for over 400 years In Ramsay Wood s version the profound meanings behind these ancient fables shine forth as he captures a great world classic making it fresh relevant fascinating and hugely readable His second volume of fables from KALILA AND DIMNA picks up where the first Fables of Friendship and Betrayal left off covering deceit political skullduggery murder enemies deadly monsters kings bees princesses monkeys lions crocodiles and how we all live and die together in peace or conflict This is a book full of outrageously behaved animals and humans doing the most delightfully awful yet sometimes gentle things to each other These are joyous sad amusing and sometimes brutal stories their function being to educate both king and commoner alike in the ways of the world the harsh realities that can often lurk beneath the surface of our cozy everyday subjectivity Kalilah and Dimnah Ibn al-Muqaffa',2023-04-04 Timeless fables of loyalty and betrayal Like Aesop s Fables Kal lah and Dimnah is a collection designed not only for moral instruction but also for the entertainment of readers The stories which originated in the Sanskrit Panchatantra and Mahabharata were adapted augmented and translated into Arabic by the scholar and state official Ibn al Muqaffa in the second eighth century The stories are engaging entertaining and often funny from The Man Who Found a Treasure But Could Not Keep It to The Raven Who Tried To Learn To Walk Like a Partridge and How the Wolf the Raven and the Jackal Destroyed the Camel Kal lah and Dimnah is a mirror for princes a book meant to inculcate virtues and discernment in rulers and warn against flattery and deception Many of the animals who populate the book represent ministers counseling kings friends advising friends or wives admonishing husbands Throughout Kal lah and Dimnah offers insight into the moral lessons Ibn al Muqaffa wished to impart to rulers and readers An English only edition *Globalism in the Middle Ages and the Early Modern Age* Albrecht Classen,2023-09-05 Although it is fashionable among modernists to claim that globalism emerged only since ca 1800 the opposite can well be documented through careful comparative and transdisciplinary studies as this volume demonstrates offering a wide range of innovative perspectives on often neglected literary philosophical historical or medical documents Texts images ideas knowledge and objects migrated throughout the world already in the pre modern world even if the quantitative level compared to the modern world might have been different In fact by means of translations and trade for instance global connections were established and maintained over the centuries Archetypal motifs developed in many literatures indicate how much pre modern people actually shared But we also discover hard core facts of global economic exchange import of exotic medicine and on another level intensive intellectual debates on religious issues Literary evidence serves best to expose the extent to which contacts with people in foreign countries were imaginable often desirable and at times feared of course The pre modern world was much more on the move and reached out to distant lands out of curiosity economic interests and political and military concerns Diplomats crisscrossed the continents and artists poets and craftsmen

traveled widely We can identify for instance both the Vikings and the Arabs as global players long before the rise of modern globalism so this volume promises to rewrite many of our traditional notions about pre modern worldviews economic conditions and the literary sharing on a global level as perhaps best expressed by the genre of the fable

**Animal Husbandry: Bestiality in Medieval Culture**, 2025-08-28 How was bestiality perceived in the Middle Ages The answer is far from simple Depending on the context it might be a kingmaking ritual a boys game a pact with the devil a peccadillo or a capital offense As dangerous as it could be to be suspected by one s own neighbors of committing bestiality medieval literature and art are full of often exhilarating erotic interspecies encounters In the end this volume suggests that there is a zoophilic streak in all humans the medievals as well as ourselves Contributors are Crystal Beamer Bailey Flannery Katherine Leach Marian E Polhill Anna Russakoff Joyce E Salisbury Andrea Schutz Jacqueline A Stuhmiller Larissa Tracy and Tess Wingard
