Joseph and Suzy Fucini sought the answers by studying relations between Americans and Japanese at the Mazda plant in Flat Rock Michigan the first wholly owned Japanese auto plant to employ a unionized American workforce For three years the Fucinis followed events at the plant interviewing more than one hundred workers managers and outside suppliers The authors conclude that for all its strengths the team system requires the sacrifice of individual interests to the good of the group and that no matter how hard an individual tries to become part of the Mazda team advancement for both managers and workers will be limited by the fact that they are not Japanese Datsun Service Repair Handbook Alan Ahlstrand,1978
