Dobrof,2014-02-04 A variety of programs are described in this volume illuminating innovative approaches to service delivery **Social Work in General Practice** E. Matilda Goldberg,June E. Neill,2021-11-07 In the early 1970s general practitioners were well aware that they were being asked to deal not only with physical illness in their patients but also with the stresses relating to social and emotional problems Increasingly often they were working together with health visitors and social workers in attempting to respond more effectively to these demands Originally published in 1972 this study describes the attachment of a social worker to a group general medical practice in London indicating why for all social groups the general practice is an appropriate point at which psychosocial problems may be identified and treated The authors describe the nature and range of patients problems that come to light in the consulting room how patients present their problems to the social worker and the kind of help the social worker is able to offer They explore the extent to which the general practice setting provides opportunities for preventive therapy and further describe how social work in general practice can most

effectively be related to existing social services in the community particularly to the reorganised personal social services Their findings are supported throughout by illuminating case studies The book also discusses the integration of the social worker into the general practice team the problems that have to be solved and the mutual enlightenment that results This emerges as an extremely encouraging and instructive experiment which will immediately interest social service departments and social workers doctors and nurses both students and those in practice The wide spectrum of social problems encountered and dealt with by the social worker in a general practice make it a particularly stimulating account

Geriatrics for Nurses and Social Workers John Norman Agate,1979 **Real-resumes for Jobs in Nonprofit**

Organizations Anne McKinney,2004 Ask people who have worked in a nonprofit organization about resume preparation and they will tell you that resumes and cover letters for their particular needs are highly specialized That's why this book will be of enormous value to those who seek employment in the nonprofit world or who want to transition out of the nonprofit world and want to present their experience in nonprofit environments The book includes resumes for folks who have worked in national trade associations and in nonprofit environments such as the United Way Salvation Army the American Cancer Society and many similar organizations A special section on the federal hiring process also shows the reader how to apply for federal government employment and there are samples of the specialized resumes and applications used in the federal hiring process So whether you are entering the nonprofit arena transferring skills out of the nonprofit world or seeking federal employment you will find this book useful **Geriatrics for Specialists** John R. Burton,Andrew G. Lee,Jane F.

Potter,2016-10-14 This book focuses on the circumstances that lead to the marked increased vulnerability of seniors and are most challenging to clinicians including the presence of multiple chronic medical conditions variable losses of physiological function and heterogeneity among individuals Written by the experts who lead the initiative to deliver high quality surgical and medical care to the elderly Geriatrics for Specialists is the first book of its kind to provide the comprehensive knowledge specialists and associated generalists need to deliver quality health care to seniors With topics on important cross cutting issues like frailty delirium and polypharmacy and specialty chapters on emergency medicine anesthesia many surgical and medical disciplines and rehabilitation this book provides clinicians the knowledge and tools needed to evaluate treat and manage the unique needs of seniors Geriatrics for Specialists was created as a resource for specialist generalists and allied health professionals and their students and trainees who care for elderly patients **Real-resumes for Medical Jobs** Anne

McKinney,2001 A key to advancing professionally is to choose the right industry in which to work and if your interests are in any way medically related you are fortunate career wise The medical field is a fast growing one and this targeted resume and cover letter book will help you enter this land of opportunity or advance in it A key is to make sure your resume talks the lingo of the medical field Get the book that can show you how to best express and phrase the concepts you want to communicate Here's a book in which you will find resumes with job titles such as these director of nursing medical therapist

nurse s aide medical doctor M D nurse practitioner dental hygienist cytotechnologist director of nursing director of dental surgery pharmaceutical sales representative massage therapist medical administrator medical supplies coordinator nursing home administrator medical office manager operating room nurse patient care advocate orthopedic technician pharmacy manager phlebotomist registered nurse R N licensed practical nurse L P N public health case worker transcriptionist veterinary technician and many more

The Clinical Care of the Aged Person David G. Satin, Barbara A. Blakeney, 1994 As the population of aged people increases throughout the world the need for comprehensive integrated geriatric care is rapidly becoming a high priority Developed from an education program in clinical geriatrics offered through the Division on Aging of the Harvard Medical School this authoritative text provides broad interdisciplinary coverage of geriatric health care The book incorporates the theory and skill needed for many disciplines to work together effectively It integrates the various topics covered by way of section introductions cross references within chapters a case study and case conference and an introductory chapter of discussions among a panel of aged people With contributions from a wide range of experts this book teaches an interdisciplinary perspective on the aged and their health care and examines the working relationships among the many professionals providing care for the aged Real World Resumes ,1996
