**JEAN de Florette** ,2000    Jean De Florette : Starring Gerard Depardieu ,2000    Jean de Florette ,1962  
*Jean de Florette* Marcel Pagnol, 1964    **JEAN de Florette** ,1986    *French Cinema in the 1980s* Phil Powrie, 1997  
French film in the 1980s might have lacked the invention of the New Wave but gritty police thrillers and nostalgic costume dramas such as Jean de Florette and Manon des Sources brought French cinema to a wider audience than ever before This landmark study is not merely a history of French film in the 1980s but offers a set of critical essays on the crisis of masculinity in contemporary French culture and its interrelationship with nostalgia After a brief overview both of the crisis in the French film industry during the 1980s and of the socio political crisis of masculinity in the wake of 1970s feminism the book is divided into three sections the retro nostalgic film the Polar or police thriller and the comic film Films studied in detail include Diva Subway Coup de foudre Vivement dimanche La Vie est un long fleuve tranquille and Tenue de soir e while the volume covers actors from Gerard Depardieu Daniel Auteuil and Yves Montand to Isabelle Adjani Isabelle Huppert and Emmanuelle B art    Activist Business Ethics Jacques Cory, 2012-10-05 Jacques Cory s second book Activist Business Ethics expands upon the theoretical concepts developed in his first book Business Ethics The Ethical Revolution of Minority Shareholders published by Kluwer Academic Publishers in March 2001 Activist business ethics is needed in order to remedy

the wrongdoing committed to stakeholders and minority shareholders This will be achieved by cooperation between ethical businessmen activist academics stakeholders and minority shareholders We should treat others as we would want others to treat us not through interest but by conviction Yet this principle is not the guideline of many companies in the modern business world despite the fact that most religions and philosophers have advocated it in the last 3 000 years How can we convince or compel modern business to apply this principle And is it essential to the success of economy In order to answer these questions this book examines the evolution of activist business ethics in business in democracies in Christianity Judaism Islam Buddhism in philosophy and psychology The book examines international aspects the personification of stakeholders the predominance of values and ethics for CEOs and the inefficient safeguards of the stakeholders interests The book presents new vehicles for the safeguard of those interests such as the Internet Transparency Ethical Funds and Activist Associations and future activist vehicles such as the Supervision Board and the Institute of Ethics Today everybody is a stakeholder and a minority shareholder of a company directly or through our pension funds or as a client a supplier a member of a community and a citizen The principal premise of the book is therefore that ultimately the wrongdoers act against themselves The book is woven with many references on ethics and business ethics from the professional and classic world literature the Bible and other religious texts poetry maxims and folk tales showing that ethical problems are similar throughout the ages and cultures but some of the solutions given in this book are new and original Activist Business Ethics is primarily intended for the academic market and is particularly appropriate for academics in business administration ethics and finance It should also appeal strongly to the professional business finance market and to stakeholders and minority shareholders as well who are aware of the wrongdoing committed to them and who want to remedy the situation by activist conduct

**The Light-Green Society** Michael Bess, 2003-11-15 The accelerating interpenetration of nature and culture is the hallmark of the new light green social order that has emerged in postwar France argues Michael Bess in this penetrating new history On one hand a preoccupation with natural qualities and equilibrium has increasingly infused France's economic and cultural life On the other human activities have laid an ever more potent and pervasive touch on the environment whether through the intrusion of agriculture industry and urban growth or through the much subtler and more well intentioned efforts of ecological management The Light Green Society limns sharply these trends over the last fifty years The rise of environmentalism in the 1960s stemmed from a fervent desire to save wild nature nature conceived as a qualitatively distinct domain wholly separate from human designs and endeavors And yet Bess shows after forty years of environmentalist agitation much of it remarkably successful in achieving its aims the old conception of nature as a separate sphere has

become largely untenable In the light green society where ecology and technological modernity continually flow together a new hybrid vision of intermingled nature culture has increasingly taken its place *Jean de Florette - Widescreen* Marcel Pagnol, Yves\* Montand, 1987

**Place in Literature** Roberto Maria Dainotto, 2000 Since the 1840s when Victorian England emerged into the modern era and industrial cities became the new cultural centers regionalist literature has posited itself as an aesthetic alternative to nationalist culture Yet what differentiates regionalism's claims of authenticity derived from blood and soil from those of nationalism Through close readings and theoretical elaborations Roberto M Dainotto reveals the degree to which regionalism mimics nationalism in valorizing ethnic purity He interprets regionalism not as a genre in the pastoral tradition but as a rhetorical trope a way of reading in which regionalism figures as the other against a historical process that disrupts the organic wholeness of place Dainotto traces the genealogy of the idea of place in literature examining European texts from Victorian England to Fascist Italy He finds for example in Thomas Hardy's *The Return of the Native* a virtual thesaurus of regionalist commonplaces Elizabeth Gaskell's *North and South* mediates between Madame de Stal's privileging of the sophisticated north and Jean Jacques Rousseau's nostalgia for the naive south The regionalism of the Sicilian philosopher Giovanni Gentile exhibits a deep longing for the humanities as they define Italy and Western culture Dainotto concludes with a close look at the rhetoric of Nazism and Fascism dramatizing the convergence of regionalist aesthetics and nationalist ideology in Italy and Germany between the two World Wars *French Cinema* R mi Fournier Lanzoni, R mi Fournier-Lanzoni, 2015-10-22 An all encompassing history of French motion pictures and cinematographic trends chronologically from 1895 to the present
