Quebec: A History 1867-1929 Paul-André Linteau, René Durocher, Jean-Claude Robert, 1983-01-01 List of Tables List of Maps List of Figures Preface PART I LAND AND POPULATION 1867 1929 1 The Land An American Land The Settlement of the Land The Shaping of Physical Space 2 **Jean Rivard, le défricheur** Antoine Gérin-Lajoie, 1913 *Jean Rivard, Economist* Antoine Gérin-Lajoie, 1962 *The Dusty Bookcase* Brian Busby, 2017-08-15 Largely drawn from his columns for Canadian Notes Queries and entries in his popular blog by the same name Brian Busby's The Dusty Bookcase explores the fascinating world of Canada's lesser known literary efforts works that suffered censorship critical neglect or brilliant yet fleeting notoriety These rare and quirky totems of Canadiana collected over the last three decades form a travel diary of sorts yet one without maps Covering more than 250 books peppered with observations on the writing and publishing scenes Busby's work explores our cultural past questioning why certain works are celebrated and others ignored Brilliantly illustrated with covers and ephemera related to the titles discussed The Dusty Bookcase draws much needed attention to unknown writing worthy of our attention and some of our acclaim Ontario Library Review, 1926 *Jean Rivard économiste. Pour faire suite à Jean Rivard le défricheur, par A. Gérin-Lajoie. 2e édition...* Antoine Gérin-Lajoie, 1876 **Canadian Catalogue of Books** Willet Ricketson Haight, 1896 **Power from the North** Caroline Desbiens, 2013-05-03 In the 1970s Hydro Québec declared in a publicity campaign We Are Hydro Québec cois The slogan symbolized the extent to which hydroelectric development in the North had come to both reflect and fuel French Canada's aspirations The slogan helped Quebecers relate to the province's northern territory and to accept the exploitation of its resources In *Power from the North* Caroline Desbiens explores how this culture of hydroelectricity helped shape the landscape during the first phase of the James Bay hydroelectric project Policy makers and citizens did not see argues view those who built the dams as mere workers they saw them as pioneers in a previously uninhabited land now inscribed with the codes of culture and spectacle This insightful work shows that if Quebec hopes to engage in truly sustainable resource development all actors must bring an awareness of their cultural histories and visions of nature North and nation to the negotiating table *Dictionary of Canadian Biography / Dictionnaire Biographique Du Canada* Frances G. Halpenny, Jean Hamelin, 1988-11 These biographies of Canadians are arranged chronologically by date of death Entries in each volume are listed alphabetically with bibliographies of source material and an index to names **Theatre in French Canada** Leonard E. Doucette, 1984-12-15 It is only recently that historians of the theatre in French Canada have turned their attention to playwrights active before the twentieth century Their practice had been to trace the roots of theatre to mid 1930s to the appearance of Father Emile Legault and his troupe the Compagnons de Saint Laurent dismissing what had gone before In this innovative history Leonard Doucette sets out deal for the first time with all plays that have survived to 1867 and to link them with the evolution of politics institutions and

culture in French Canada The study of theatre has often been handicapped also by the outdated practice of defining the literary cultural history of a nation by identifying the masterpieces produced in specific periods and then defining other works in terms of what they are not The surprisingly rich and varied history of theatrical forms in French Canada has just begun to receive the attention it deserves from scholars Some of the texts and authors referred to in this history are identified for the first time the materials cited and conclusions drawn are based upon original research in major Canadian libraries as well as the works of published critics and historians The result is an excellent introduction to the various forms theatre has taken and the problems it has encountered in French Canada

Between the New Country and the Old World Erin E. Edgington, 2025-09-12 Poet and provocateur William Chapman 1850-1917 wrote patriotic verse recounting the history of New France envisioning a glorious future for its descendants Despite his many literary achievements he was a two time laureate of the Académie française and a nominee for the Nobel Prize in Literature Chapman is more often remembered for his explosive feud with Louis Fréchette a rivalry that pitted the two national poets against one another and played out in vicious invective across the pages of Quebec newspapers Chapman's lifelong quest to glorify French Canada and accumulate literary prestige in North America and Europe positioned him squarely between the new country and the old world Over the course of his forty year career Chapman published five collections of poetry *Les Québécoises* 1876 *Les Feuilles d'érable* 1890 *Les Aspirations* 1904 *Les Rayons du Nord* 1909 and *Les Fleurs de givre* 1912 whose very titles underscore his devotion to French Canadian identity as well as his literary ambition Integrating close readings of Chapman's verse with archival material related to his writing life Erin Edgington revisits his full oeuvre on its own terms and in context discerning the particular ways Chapman expressed the ideas of literary value and national

literature that motivated him from a young age from juvenilia like *Les Mines d'or de la Beauce* 1881 to his polemical essays and his unfinished magnum opus *Le peuple canadien* Between the New Country and the Old World challenges the prevailing narrative that has labelled Chapman a second rate forgettable poet showing how his life and work reveal important insights into literary fame poetics in a transitional moment at the turn of the century and the history of French literature in North America
