USAF Civilian Personnel Management Course ,1985 **Adverse Impact and Test Validation** Dan Biddle,2017-05-15 Adverse impact analyses and test validation promote social justice and equity Employers who unknowingly use invalid tests or recruitment procedures that have an adverse impact are reducing minority and or female representation in their workforce unfairly screening out qualified workers and worst of all just plain discriminating Dan Biddle s Adverse Impact and Test Validation provides you with analyses that allow you to identify which of your selection procedures have adverse impact The validation steps will help you decide whether to keep the selection procedure because it s valid change it or stop using it altogether This second edition contains new material on using multiple regression to evaluate pay practices and provides step by step instructions for using SPSS or Excel for evaluating your company s pay practices for possible inequities New content on how to define Internet applicants and set up defensible Basic Qualifications BQs for online recruiting will help employers ensure compliance with EEO regulations and screen in qualified applicants Specific guidelines for developing and validating written job knowledge tests such as those used for police and fire promotional testing have also been included in this new edition The downloadable resources include tools which may be used on a trial evaluation basis describing several of the functions described in the book including Adverse Impact Toolkit Test Validation and Analysis Program TVAP Guidelines Oriented Job Analysis GOJA Manual and Content Validity Checklists This highly pragmatic guide goes beyond the concepts theories and ideas behind adverse impact and test validation It not only explains what to do but crucially also shows you how to do it The second edition has been expanded to include two brand new chapters with a new Appendix and comes with new editions of the accompanying software As a means of protecting your organization from litigation damage to employee relations and to your corporate reputation Adverse Impact and Test Validation is a must have purchase for human resource professionals testing and recruitment specialists

Performance-Based Sales Trng Jerry Rosen,Pbstm,1997 Staffing the Contemporary Organization Donald L. Caruth,Gail D. Caruth,Stephanie S. Pane,2008-12-30 Few business functions are more important than putting people where they can do the most good Get it right and the business soars Get it wrong and the business pays dearly in reduced sales profits and productivity Staffing the Contemporary Organization provides a comprehensive treatment of staffing procedures policies techniques and problems It includes a number of human resources topics not usually covered in one volume HR planning legal aspects of staffing recruiting selecting performance appraisal career development and many

others in an integrated system The method presented is a proven useful tool that managers and HR people can employ to build stronger more resilient organizations This thoroughly revised edition provides a comprehensive treatment of staffing procedures policies techniques and problems It covers areas newly developed since the last edition like recruiting via the Internet and new court decisions that clarify the scope and application of antidiscrimination laws in the workplace Among other topics it covers the following areas in detail Employment law Job analysis Recruiting and interviewing Selecting and selection tests Appraisals and employee development Administration Handling promotions demotions layoffs terminations etc Career planning Measuring the effectiveness of the HR function Staffing the authors contend must encompass the entire range of activities associated with planning for obtaining utilizing and developing human resources Suitable for business students as well as professionals this is the first book to present a systems view of the staffing function a view necessary to maximize the contribution of any company's most important asset its people

Topgrading (revised PHP edition)

Bradford D. Smart, Ph.D., 2024-10-29 Great companies don't just depend on strategies they depend on people The more great people on your team the more successful your organization will be But that's easier said than done Statistically half of all employment decisions result in a mishire The wrong person winds up in the wrong job But companies that have followed Bradford Smart's advice in Topgrading have boosted their successful hiring rate to 90 percent or better giving them an unbeatable competitive advantage Now Smart has fully revised his 1999 management classic to reintroduce the topgrading concept which works for companies large and small in any industry The author spells out his practical approach to finding and managing A level talent as well as coaching B players to turn them into A players He provides intriguing case studies drawn from more than four thousand in depth interviews As Smart writes in his introduction All organizations all businesses live or die mostly on their talent and any manager who fails to topgrade is nuts or a C player Those who way deep down would sooner see an organization die than nudge an incompetent person out of a job should not read this book Topgrading is for A players and all those aspiring to be A players On the web <http://www.topgrading.com>

Job Analysis Dr. Sidney

Gael, 1983 *Structured Employment Interviewing* Paul J. Taylor, Michael P. O'Driscoll, 1995 Describes and illustrates the two main approaches to structured interviewing the behaviour description interview and the situational interview

The Psychology of Behaviour at Work Adrian Furnham, 2012-08-06 This superb introduction to the field of organizational psychology and organizational behaviour builds on the foundation of the highly successful first edition to provide up to date explanations of all the key topics in a clear coherent and accessible style The text is supported by numerous illustrations and examples as well as end of chapter summaries and concluding remarks Topic sections on key research studies as well as applied aspects such as human resources applications and cross cultural issues lead the reader through the complexities of the theory to its practical application The Psychology of Behaviour at Work covers all major topics in the field from vocational choice personality attitudes motivation and stress to cooperation learning training group dynamics decision making and

leadership Further sections introduce corporate culture and climate as well as organisational structure change and development and a final section outlines predictions not only for the future study of organizational psychology but of the future of work itself As with the first edition The Psychology of Behaviour at Work will prove to be an invaluable resource for psychology students on work and organizational psychology courses business students on organizational behaviour courses and human resources managers eager to expand their knowledge of this fascinating field
