Handbook of Research on Educational Communications and Technology J. Michael Spector,M. David Merrill,Jan Elen,M. J. Bishop,2013-07-03 The 4th edition of the Handbook of Research on Educational Communications and Technology expands upon the previous 3 versions providing a comprehensive update on research pertaining to new and emerging educational technologies Chapters that are no longer pertinent have been eliminated in this edition with most chapters being completely rewritten expanded and updated Additionally new chapters pertaining to research methodologies in educational technology have been added due to expressed reader interest Each chapter now contains an extensive literature review documenting and explaining the most recent outstanding research including major findings and methodologies employed The Handbook authors continue to be international leaders in their respective fields the list is cross disciplinary by design and great effort was taken to invite authors outside of the traditional instructional design and technology community *Subject Guide to Books in Print* ,1975 **ERIC Educational Documents Index** Educational Resources Information Center (U.S.),1966 A subject author institution index which provides titles and accession numbers to the document and report literature that was announced in the monthly issues of Resources in education earlier called Research in education *Inequality and Teacher Education* Gajendra K. Verma,2021-07-27 First published in 1993 this book attempts to provide a basic but challenging and rigorous introduction to the issues of inequality in teacher education affecting many of today s societies Education systems around the world in common with much else are undergoing radical change In such times there are the almost inevitable casualties in this case the fate of multicultural multiracial antiracist education The authors argue that there is a need for teacher education to be responsive to the needs of a culturally and socially diverse society It has become obvious that in spite of the vast amount of effort given to it over the last few decades very little real progress has been made By highlighting examples of good practices this book demonstrates how they can be maintained and enhanced **ERIC Educational Documents Index, 1966-69: Minor descriptors and author index** ,1970
