Beyond the Bear Dan Bigley, Debra McKinney, 2013-03-21 A 25-year-old backcountry wanderer, a man happiest exploring wild places with his dog, Dan Bigley woke up one midsummer morning to a day full of promise. Before it was over, after a stellar day of salmon fishing along Alaska's Kenai and Russian rivers, a grizzly came tearing around a corner in the trail. Dan barely had time for bear-charging to register before it had him on the ground, altering his life forever. Upper nose, eyes, forehead anatomy unrecognizable as the medevac report put it. Until then, one thing after another had fallen into place in Dan's life. He had a job he loved, taking troubled kids on outdoor excursions. He had just bought a cabin high in the Chugach Mountains with a view that went on forever. He was newly in love. After a year of being intrigued by a woman named Amber, they had just spent their first night together. All of this was shattered by the mauling that nearly killed him, that left him blind and disfigured. Facing paralyzing pain and inconceivable loss, Dan was in no shape to be in a relationship. He and Amber let each other go. Five surgeries later, partway into his long healing journey, they found their way back to each other. The couple's unforgettable story is one of courage, tenacious will, and the power of love to lead the way out of darkness. Dan Bigley's triumph over tragedy is a testament to the ability of the human spirit to overcome physical and emotional devastation, to choose not just to live but to live fully. Bringing together contributions from world-renowned film and media scholars, *Fantasy Animation* considers the various historical, theoretical, and cultural ramifications of the animated fantasy film. This collection provides a range of chapters on subjects including Disney, Pixar, and Studio Ghibli filmmakers such as Ralph Bakshi and James Cameron, and on film and television franchises such as Dreamworks' *How To Train Your Dragon* (2010) and HBO's *Game of Thrones* (2011).
