

## Maths at University Interview Questions

Below is a list of questions that have been asked at interviews (mainly at Oxford/Cambridge, but also other universities too).

Sometimes the interviewer will gently ask such things as:

- a) Tell us about some maths books that you have been reading.
- b) Why do you want to study maths?
- c) What areas of maths do you like? (this is a prompt for the next question which will be on that topic!)

Mainly (particularly at Oxford/Cambridge) there is little or no gentle chit chat, and straight into the fun stuff like:

- 1. Which is bigger  $2^x$  or  $x^2$ ?
- 2. Draw  $y = A(1 - e^{-Bx})^2$
- 3. Differentiate  $y = x^{\sin x}$
- 4. Find an approximation to  $1^4 + 2^4 + 3^4 + \dots + 100^4$
- 5. Draw  $y = \frac{e^\theta}{1 + e^\theta} \sin \theta$  and  $x = \frac{e^\theta}{1 + e^\theta} \cos \theta$
- 6. Draw  $y = \cos x^{\cos x}$
- 7. Prove  $\frac{a}{b} + \frac{b}{a} \geq 2$
- 8. Draw:  $y = e^x$ ,  $y = e^{-x}$ ,  $y = \frac{e^x + e^{-x}}{2}$
- 9. Draw  $y = \frac{\sin x}{x}$
- 10. Prove  $n^7 - n$  is always divisible by 42.
- 11.  $(6 + \sqrt{37})^{20} = 4398704651 \dots \bullet 9999999999 437569 \dots$   
Can you show why this number is so close to an integer?
- 12. On a plane each individual point can be either red, white or blue. Prove that at some point on the plane two points will be at a distance of one unit apart and the same colour.

Study with more than 500 flashcards online. Whether you're a student or an experienced professional PHR SPHR Exam For Dummies will give you the power to pass and pass well and go on to achieve the successful HR career of your dreams.

**How to Get Any Job, Second Edition** Donald Asher, 2009-10-20 Donald Asher America's career guru believes that success comes from an alignment of passion and preparation. First tip Your college major has very little to do with your job options. In fact you can get to virtually any life goal destination from virtually any starting point. Stephen Colbert was a philosophy major. Chad Hurley billionaire founder of YouTube was an art major. And while we're at it Albert Einstein was a high school drop out. Still think your college major will determine your life path. Think again. HOW TO GET ANY JOB is the first book that definitively answers the following questions and many more: What is life launch and how is it different from getting a job? Why do employers hire people like you? Which skills do employers value most? They're not what you think. How do non tech people get hired and thrive in tech companies? How do you set yourself up to get promoted? How do you prove you have skills that don't show up on your transcripts? How do you get experience if you can't get a job or have the wrong major? How can you get famous and influential people to help you? How do you hit restart if you get stuck in a dead end job out of college? What should you do if you're a graduate and living in your parents basement? What should you do if you're a junior to make sure you don't end up in that basement? Whether you're twenty and still in college or twenty nine and still wondering how to start your life HOW TO GET ANY JOB offers the most creative and innovative thinking on life launch to date. It is used by college career centers nationwide.

[Vault Career Guide to the Fashion Industry](#) Holly Han, Vault (Firm), 2003 From the Vault Career Library breakdown of different functions in fashion with detailed looks at typical days for buyers designers resources and training programs interior design careers top buying programs for department and specialty stores.

[Foundations of Psychological Testing](#) Sandra A. McIntire, Leslie A. Miller, 2007 I used McIntire and Miller's book on testing in my research course two years ago. Students loved this book for its clarity and personality. It is hard to imagine how the authors could have improved on the First Edition. Nevertheless this new edition of the Foundations of Psychological Testing is better than any of its competitors. The authors should be congratulated.

for making a topic that has been formidable to students in the past much more accessible to today's students Douglas Herrmann Emeritus Professor Indiana State University Director of Research Practical Memory Institute The Second Edition of Foundations of Psychological Testing is a scholarly yet pragmatic and easy to understand text for undergraduate students new to the field of psychological testing Using an engaging conversational format the authors aim to prepare students to be informed consumers as test users or test takers not to teach students to administer or interpret individual psychological tests New to the Second Edition Incorporates new content This edition includes a new chapter on computerized testing and is updated throughout to reflect new research tests and examples Offers new learning strategies To further promote student comprehension new and enhanced learning aids include a blueprint of text material In the News and On the Web boxes Test Spotlights and an Engaging in the Learning Process section at the end of each chapter with learning activities study tips and practice test questions Encourages instruction through conversation In response to students requests to simplify complex concepts the authors use an easy to read conversational style This format clearly and concisely communicates the basics of psychological testing and relates these basics to practical situations that students can recognize and embrace Instructor Resources on CD are available to qualified adopters including chapter outlines discussion questions teaching tips review questions and more

**Resources in Education**, 1998-12 *You ... alcohol and driving* United States. National Highway Traffic Safety Administration, 1977

**Why we fear** Henri Hyppönen, 2015-12-14 Why We Fear gets to grips with the essence of fear in life and in business Why We Fear uncovers the mechanisms of fear and the huge role this often misunderstood emotion plays in our daily lives At the same time it dismantles fear into understandable and actionable parts When fear is divided into its constituent parts the hidden workings of fear and fear based habits become visible In this way the book charts a road map for how to deal with this often destructive emotion and the heavy cost of fear in life and in business Fear has always been at the very core of human experience and yet people generally seem to believe that it is a force of nature outside their own control Fear is often seen as a mystical poorly understood influence that creeps up on us at the worst possible moment wrecks our performance dulls our wits and makes our lives shrink Why We Fear robs fear of this mystique In addition as Henkka Hyppönen points out fear is not always a disastrous and destructive force Sometimes a little injection of fear helps us to perform better as individuals and as teams

*Researching Incidental Vocabulary Learning in a Second Language* Mark Feng Teng, Barry Lee Reynolds, 2024-08-22 Incidental language acquisition is the language that is learned informally outside the constraints of the typical classroom and vocabulary is one of the key elements in language learning and knowledge This unique text is the first comprehensive overview and hands on methodological guide for researching second language L2 incidental vocabulary acquisition Expert contributors from around the world synthesize the state of the art by defining key concepts and laying out the major theoretical perspectives research methodologies empirical findings and pedagogical considerations involved in incidental L2 vocabulary learning research By connecting research

techniques to the theory that underpins them detailing practical steps for designing and conducting rigorous new studies and highlighting areas that deserve additional research attention they further set the agenda for future work in this field and put readers in a strong position to understand and carry out this research independently This book will be an invaluable resource to advanced students and researchers of second language acquisition vocabulary studies applied linguistics education and related areas

**Educational Foundations** Alan S. Canestrari, Bruce A. Marlowe, 2020-08-05 Why teach Who are today's students What makes a good teacher Educational Foundations An Anthology of Critical Readings aims to answer such questions by helping new and future teachers develop habits of critical reflection about schools and schooling before entering the classroom Editors Alan S Canestrari and Bruce A Marlowe feature an array of provocative engaging authors who as teachers principals and policy shapers provide the latest perspectives in the field The thoroughly revised Fourth Edition features an array of bold new essays discussing today's most relevant issues including diversity school safety data in schools and teacher strikes

*Parenting Under Fire* Amy J.L. Baker, PhD, Paul R. Fine, LCSW, 2023-08-15 Teaches parents of children of all ages who are hurt angry rejecting and distant HARD how to effectively and empathically communicate through a variety of effective and empathic strategies Children who are hurt angry rejecting and distant HARD can be challenging to parent They can be rude uncooperative and disagreeable They are hard to relate to or connect with and they can appear to be hardened to the love and guidance of their parent Whether hard children are caught in a loyalty conflict are victims of parental alienation or behaving this way for some other reason their parents need help Losing or feeling like you are about to lose a relationship with a beloved child regardless of the cause is one of the most painful scenarios a parent will ever experience Such parents feel under fire How to handle such children before relationships are further damaged is a question many parents have Should the parent pick their battles or put their foot down Should they pursue the child or let the child come to them This book provides parents of a hurt angry rejecting distant child the much needed guidance and support they need to connect with their children and repair relationships while opening the lines of communication The book is divided into three sections each focusing on a different form of communication In the first section the focus is on in person communication and interactions the second teaches parents the whys and hows of communicating via messages and the final portion walks parents through the principles and mechanics of writing letters to an older hurt angry rejecting distant child in an effort to bridge gaps and repair wounds This book provides the reader with the science based hope and inspiration they need as well as hundreds of practical suggestions about how to keep the communication loving appropriate and connected

*The Bible in 52 Weeks for Teen Girls* Brittany Rust, 2025-10-07 An interactive yearlong journey through the Bible for teen girls Being a teen girl means being busy with school friends hobbies and more and it's not always easy to make time for God That's where this Bible study comes in It inspires you to deepen your faith every week over the course of a year with short but powerful prayers and passages that focus on topics like family friendship and forgiveness to help you connect the Lord's

wisdom to your life Reflect on the entire Bible Touch on every chapter of the Bible over the course of a year with a schedule that only requires about fifteen minutes of reading per day and one study session per week A simple weekly format Each entry includes six daily readings from the Bible and a day to catch up a brief lesson on the week s theme a few questions to think about and a special prayer to close out the session Room for group discussion Use this book on your own for personal reflection or with a group to grow your faith alongside others Study with the whole series Give the gift of deeper faith to everyone in your life with the companion books The Bible in 52 Weeks for Women The Bible in 52 Weeks for Men and The Bible in 52 Weeks for Families Get closer to God and brighten up every week with exercises and reading guides that walk you through each part of the Scripture one day at a time *Friend & Foe* Adam Galinsky,Maurice Schweitzer,2015-09-29 What does it take to succeed This question has fueled a long running debate Some have argued that humans are fundamentally competitive and that pursuing self interest is the best way to get ahead Others claim that humans are born to cooperate and that we are most successful when we collaborate with others In FRIEND AND FOE researchers Galinsky and Schweitzer explain why this debate misses the mark Rather than being hardwired to compete or cooperate we have evolved to do both In every relationship from co workers to friends to spouses to siblings we are both friends and foes It is only by learning how to strike the right balance between these two forces that we can improve our long term relationships and get more of what we want Here Galinsky and Schweitzer draw on original cutting edge research from their own labs and from across the social sciences as well as vivid real world examples to show how to maximize success in work and in life by deftly navigating the tension between cooperation and competition They offer insights and advice ranging from how to gain power and keep it how to build trust and repair trust once it s broken how to diffuse workplace conflict and bias how to find the right comparisons to motivate us and make us happier and how to succeed in negotiations ensuring that we achieve our own goals and satisfy those of our counterparts Along the way they pose and offer surprising answers to a number of perplexing puzzles when does too much talent undermine success why can acting less competently gain you status and authority where do many gender differences in the workplace really come from how can you use deception to build trust and why do you want to go last on American Idol and in many interview situations but make the first offer when negotiating the sale of a new car We perform at our very best when we hold cooperation and competition in the right balance This book is a guide for navigating our social and professional worlds by learning when to cooperate as a friend and when to compete as a foe and how to be better at both

*Future Jobs* Edward E. Gordon,2018-03-05 A pervasive disconnect exists between the job career culture and the present economic reality in America This book offers powerful strategies for stemming the employment crisis and proposes comprehensive solutions for businesses government and job seekers alike America s low unemployment rate overshadows the fact that more than 20 million Americans are still unemployed Moreover more than eight million jobs are vacant because employers cannot find qualified candidates It is projected that if this imbalance between available positions and skills is not

quickly addressed more than 14 million jobs will be vacant by 2020 and that many more people out of work In Future Jobs historical economist Edward E Gordon explains how increasingly complex technologies global demographic shifts and outdated education to employment systems are converging and may imminently cause a labor market crisis How can we ensure that enough people possess the skills necessary to holding the jobs of today and tomorrow This book points to a solution gaining traction across the United States Regional Talent Innovation Networks RETAINs alliances of businesses educators government agencies and nonprofit organizations that successfully bridge the talent gap Additionally it provides information on the most promising jobs and careers of the next decade for early career job seekers and for workers who are looking to change career paths

## Whispering the Techniques of Language: An Mental Quest through **Math Test For Job Interview**

In a digitally-driven earth wherever screens reign great and immediate interaction drowns out the subtleties of language, the profound secrets and mental subtleties hidden within phrases frequently get unheard.
