Free Trade under Fire Douglas A. Irwin, 2020-04-14 An updated look at global trade and why it remains as controversial as ever Free trade is always under attack more than ever in recent years The imposition of numerous U S tariffs in 2018 and the retaliation those tariffs have drawn has thrust trade issues to the top of the policy agenda Critics contend that free trade brings economic pain including plant closings and worker layoffs and that trade agreements serve corporate interests undercut domestic environmental regulations and erode national sovereignty Why are global trade and agreements such as the Trans Pacific Partnership so controversial Does free trade deserve its bad reputation In *Free Trade under Fire* Douglas Irwin sweeps aside the misconceptions that run rampant in the debate over trade and gives readers a clear understanding of the issues involved In its fifth edition the book has been updated to address the sweeping new policy developments under the Trump administration and the latest research on the impact of trade

Globalization in an Age of Crisis Robert C. Feenstra, Alan M. Taylor, 2014-01-07 Along with its painful economic costs the financial crisis of 2008 raised concerns over the future of international policy making As in recessions past new policy initiatives emerged approaches that placed greater importance on protecting national interests than promoting international economic cooperation Whether in fiscal or monetary policies the control of currencies and capital flows the regulation of finance or the implementation of protectionist policies and barriers to trade there has been an almost worldwide trend toward the prioritizing of national economic security But what are the underlying economic causes of this trend and what can economic research reveal about the possible consequences Prompted by these questions Robert C Feenstra and Alan M Taylor have brought together top researchers with policy makers and practitioners whose contributions consider the ways in which the

global economic order might address the challenges of globalization that have arisen over the last two decades and that have been intensified by the recent crisis Chapters in this volume consider the critical linkages between issues including exchange rates global imbalances and financial regulation and plumb the political and economic outcomes of past policies for what they might tell us about the future of the global economic cooperation [The Shifts and the Shocks](#) Martin Wolf,2014-09-11

From the chief economic commentator for the Financial Times a brilliant tour d horizon of the new global economy There have been many books that have sought to explain the causes and courses of the financial and economic crisis that began in 2007 The Shifts and the Shocks is not another detailed history of the crisis but is the most persuasive and complete account yet published of what the crisis should teach us about modern economies and economics Written with all the intellectual command and trenchant judgment that have made Martin Wolf one of the world s most influential economic commentators The Shifts and the Shocks matches impressive analysis with no holds barred criticism and persuasive prescription for a more stable future It is a book no one with an interest in global affairs will want to neglect **Global Trade Policy** Pamela J.

Smith,2013-07-09 Using a unique question based format Global Trade Policy offers accessible coverage of the key questions in trade and policy it charts the changing policy landscape and evolving institutional arrangements for trade policies examines trade theory and provides students with an economic framework to better understand the current issues in national and international trade policy Uses a unique question based format to explore the questions and current debates in international trade policy and their implications Explores trade theory to help guide discussions of trade policy including traditional theories of inter industry trade as well as newer theories of intra industry and intra firm trade Examines the national and international effects of widely used policies designed to directly and indirectly affect trade and considers the evolving institutional arrangements for these Charts the changing policy landscape from traditional trade policies such as tariffs quantitative restrictions and export subsidies to those including intellectual property rights labor the environment and growth and development policies Covers national as well as global perspectives and their interaction helping to explain opposing views on trade policy and liberalization Includes applied exercises enabling students to explore open ended and realistic questions of policy debate making it ideal for classroom use an instructor s manual and a range of other resources are available at www.wiley.com/go/globaltradepolicy **The Routledge Companion to Global Value Chains** Renu

Agarwal,Christopher Bajada,Roy Green,Katrina Skellern,2021-09-30 This Companion provides a review of global value chains GVCs and the megatrends that are shaping them and will continue to reshape them in deep set trajectories of change over the next few decades Megatrends herald both challenges and opportunities With the growing interest among business leaders and researchers in GVCs this is a reference work which fills a gap in current literature by focusing on the new features of GVCs including the shift of global purchasing power towards developing economies the significance of emerging technologies and data analytics the increasing tensions between globalisation and de globalisation and the role of micro

multinationals start up entrepreneurs the public sector and middle markets in a fast changing global economy The early chapters are essentially intradisciplinary in character with the first seeking to explore some historical aspects of GVCs Subsequent chapters cover the theory and practice of operations and supply chain management emerging supply chain technologies and the impact of inter firm collaboration across sectors and economies The final chapters take a more interdisciplinary approach and examine topics at the interface of GVCs with the economy society culture and politics This comprehensive handbook provides a timely analysis of leading edge global megatrends and practices in one volume

Influence of WTO and Global Dynamics on Trade Flows Debashis Chakraborty, Oindrila Dey, 2024-10-10 p This book is a machine generated literature overview that explores the impact of the World Trade Organization WTO on international trade and its development It looks at international trade before and after 1995 when WTO was established It highlights the journey of the reciprocity based reforms under WTO that were expected to help the developing and less developed countries LDCs more vis vis their developed counterparts given the existence of systemic and structural bottlenecks in the latter territories The enabling steps were further expected to promote exports from developing countries and LDCs in line with their comparative advantage patterns enhance the wage level and in turn facilitate development of local population The book showcases how during the first decade after WTO inception a considerable progress was made for facilitating exports from the lower and lower middle income countries through crucial provisions like less than full reciprocity LTR Generalized System of Preferences GSP support measures under Aid for Trade zero duty preferences under Special and Differential Treatment SDT and so on However the pace of WTO reforms has slowed down in the aftermath of the sub prime crisis in 2008 09 and subsequent focus on formation of regional trade agreements RTAs In particular in the aftermath of Covid 19 a trend towards de globalization has been noticed with considerable ramifications for the development of lower income countries In this background there is a need to analyze how the deepening of trade flows and the subsequent de globalization waves in the global canvas have traversed different paths in different continents and draw the appropriate lessons for the understanding the trade development interlinkage therein With insightful observations from the human editors this machine generated overview would be of interest to academicians policy research community advisory research community and students of international trade globally
