Foreign Policies of EU Member States Amelia Hadfield,Ian Manners,Richard G. Whitman,2017-06-14 Foreign Policies of EU Member States provides a clear and current overview of the motivations and outcomes of EU Member States regarding their foreign policy making within and beyond the EU It provides an in depth analysis of intra EU policy making and sheds light in an innovative and understandable way on the lesser known aspects of the inter EU and extra EU foreign policies of the twenty eight Member States The text has an innovative method of thematic organisation in which case study state profiles emerge via dominant foreign policy themes The text examines the three main policy challenges currently faced by the twenty eight Member States First EU Member States must cooperate within the mechanisms of the EU including the Common Foreign and Security Policy CFSP Second EU Member States continue to construct their own inter EU foreign policies Third the sovereign prerogative exercised by all EU Member States is to construct their own foreign policies on everything from trade and defence with the rest of the world This combination of clarity thematic structure and empirical case studies make this an ideal textbook for all upper level students of European foreign policy comparative European politics and European studies

The Oxford Handbook of International Cultural Heritage Law Francesco Francioni,Ana Filipa Vrdoljak,2020-07-30 This Handbook provides a cutting edge study of the fast developing field of international law on the protection of cultural heritage by taking stock of the recent developments and of the core concepts and current challenges The legal protection of cultural heritage has come under renewed focus from the international community and states since the 1990s This is evidenced by the adoption of a range of international instruments Countries are also enacting cultural heritage legislation or overhauling existing laws within their own national territory Contributions address the protection of immovable and movable tangible and intangible cultural heritage in peacetime and in the event of armed conflict as well as the interaction between specific regimes of cultural heritage protection with other fields of international law including international criminal law human rights and humanitarian law environmental law international trade investments and intellectual property The last part of the Handbook covers diverse regional systems of heritage protection

Higher Education in the High North Marit Sundet,Per-Anders Forstorp,Anders Örténblad,2017-06-08 This book focuses on how the Northern futures are transformed through regional cooperation in the Barents eduscape a study of the social cultural and political aspects of higher education and the exchanges of learning and people in the Euro Arctic Barents region especially between Norway and Russia Cultural exchange through higher education involving actors such as students and institutions is an integral part both of the Bologna process and of the policies currently changing higher education It is also a process of social and cultural change of which we have limited knowledge Cultural exchange is learned

implemented and performed by the actors who are involved from the highest political level to the grassroots and the students themselves Available knowledge of these macro and micro processes of cultural exchange is largely fragmented and distinctly framed in national and or disciplinary i e pedagogical contexts In order to understand the transformative potentials of higher education and cultural exchange this book focuses on the social cultural and political aspects of the transformations of the futures in the North This book shows that educational cooperation between Norway and Russia is possible but also that the existing practices are extremely vulnerable to changes seen through micro theoretical perspectives By developing new theories which bind major theories international political decisions methodological procedures and contextual descriptions together this book is a first step in the direction of institutionalizing educational cooperation between the various and different academic societies cultures and political systems

Smarter as the New Urban Agenda J. Ramon

Gil-Garcia, Theresa A. Pardo, Taewoo Nam, 2015-09-07 This book will provide one of the first comprehensive approaches to the study of smart city governments with theories and concepts for understanding and researching 21st century city governments innovative methodologies for the analysis and evaluation of smart city initiatives The term smart city is now generally used to represent efforts that in different ways describe a comprehensive vision of a city for the present and future A smarter city infuses information into its physical infrastructure to improve conveniences facilitate mobility add efficiencies conserve energy improve the quality of air and water identify problems and fix them quickly recover rapidly from disasters collect data to make better decisions deploy resources effectively and share data to enable collaboration across entities and domains These and other similar efforts are expected to make cities more intelligent in terms of efficiency effectiveness productivity transparency and sustainability among other important aspects Given this changing social institutional and technology environment it seems feasible and likeable to attain smarter cities and by extension smarter governments virtually integrated networked interconnected responsive and efficient This book will help build the bridge between sound research and practice expertise in the area of smarter cities and will be of interest to researchers and students in the e government public administration political science communication information science administrative sciences and management sociology computer science and information technology As well as government officials and public managers who will find practical recommendations based on rigorous studies that will contain insights and guidance for the development management and evaluation of complex smart cities and smart government initiatives

A Salama Ganeshsree Selvachandran Seyed Ahmad Edalatpanah Sajana Shaik Soufiane Idbrahim S Sowndrarajan Mohamed Talea Ruipu Tan Chalapathi Tekuri Sel uk Topal S P Tiwari Vakkas Ulu ay Maikel Leyva V zquez Chinnadurai Veerappan M Venkatachalam Luige Vl d reanu tefan Vl du escu Young Bae Jun Wadei F Al Omeri Xiao Long Xin **Jihadism, Foreign Fighters and Radicalization in the EU** Inmaculada Marrero Rocha,Humberto Trujillo Mendoza,2018-11-20 Jihadism Foreign Fighters and Radicalization in the EU addresses the organizational and strategic changes in terrorism in Europe as a result of urban jihadism and the influx of foreign fighters of European nationality or residence Examining the different types of responses to the treatment of radicalization and its consequences in the recruitment of young urban fighters and jihadists this book offers a framework for understanding the process of violent radicalization It critically analyses political and legal responses that have taken place within the European framework whilst also examining a series of functional responses from social and behavioural psychology This book then goes on to develop an explanatory model from an economic standpoint exploring the need to adapt the fight against the financing of terrorism to the changes in the sources of financing jihadist cells and foreign fighters Furthermore the volume draws on experience from the prison sector to assess the process of radicalization and the possibilities of intervention Taking an interdisciplinary approach this book will be of great interest to students of terrorism and counter terrorism radicalization European politics radical Islam and security studies **Minerals Yearbook** Geological Survey,Interior Department,Mines Bureau,2019-02-15 This volume covering metals and minerals contains chapters on approximately 90 commodities In addition this volume has chapters on mining and quarrying trends and on statistical surveying methods used by Minerals Information plus a statistical summary **The Political Economy and Media Coverage of the European Economic Crisis** Julien Mercille,2014-08-27 The European economic crisis has been ongoing since 2008 and while austerity has spread over the continent it has failed to revive economies The media have played an important ideological role in presenting the policies of economic and political elites in a favourable light even if the latter s aim has been to shift the burden of adjustment onto citizens This book explains how and why using a critical political economic perspective and focusing on the case of Ireland Throughout Ireland is compared with contemporary and historical examples to contextualise the arguments made The book covers the housing bubble that led to the crash the rescue of financial institutions by the state the role of the European institutions and the International Monetary Fund austerity and the possibility of leaving the eurozone for Europe s peripheral countries Through a systematic analysis of Ireland s main newspapers it is argued that the media reflect elite views and interests and downplay alternative policies that could lead to more progressive responses to the crisis **Statelessness Determination Procedures and the Right to Nationality** Solomon Oseghale Momoh,2022-10-07 This book advances the study of the right to nationality the prevention of statelessness and the protection of stateless persons taking Nigeria as a case study Much recent literature on the subject of statelessness has been written from a US European perspective This work addresses this imbalance with an in depth study of statelessness

and best practice in how to prevent it in an African country The book appraises international legal regimes on statelessness their efficacy or otherwise in practice what can be improved under international law and the relevance of these regimes in the Nigerian context The regional frameworks include those of the African Union the Council of Europe the EU the Organization of American States and the Arab League Comparisons are also drawn with specific countries that already have an enshrined Statelessness Determination Procedure including Ivory Coast the UK France Moldova and the Netherlands which does not have a formal procedure but has alternative means of identification The book assesses the successes and challenges faced in these countries and evaluates the chances for legal transplantation in Nigeria Presenting an in depth analysis of how statelessness is approached in the global south the work will be of interest to researchers academics and policymakers working in this field as well as those concerned with nationality from an international law perspective

Minerals Yearbook Geological Survey, Interior Department, Mines Bureau, 2019-02-15 This volume covering metals and minerals contains chapters on approximately 90 commodities In addition this volume has chapters on mining and quarrying trends and on statistical surveying methods used by Minerals Information plus a statistical summary Autonomous Weapons Systems and the Responsibility of States Lutiana Valadares Fernandes Barbosa, 2024-10-18 This book reviews whether the existing framework in place can effectively address breaches in the context of Autonomous Weapons Systems AWS The work endeavors to map out the main gaps and some possible approaches to address them Part I sets the ground First it provides a concept of AWS Next it discusses the accountability gap AWS generate and shows how the international community has put far more emphasis on individual responsibility rather than state responsibility Part II analyzes the challenges AWS pose to the regime governing state responsibility under international law as codified in the Draft Articles on State Responsibility ARSIWA In this regard it discusses attribution breach of an international obligation tempus comissi delicti multiple states involved in a breach force majeure assurance of non repetition issues related to damage the human machine interaction and its impacts on state s responsibility responsibility for not using AWS weapons review and the duty of due diligence Part III summarizes the challenges discussed in part II in thirteen issues of concern and presents possible paths de lege ferenda to address each of those issues mainly a paradigm shift in attribution and strict liability among seven other more specific proposals The conclusion reached is that the current regime on the international responsibility of states is insufficient to deal with the new challenges AWS pose De lege ferenda the book argues for following the paths suggested in part III It also reflects on parts II and III s findings and how many of AWS s challenges to state s responsibility apply to other autonomous devices Therefore through the case study of AWS this work also opens the broader discussion of the gaps in the international responsibility of states regarding autonomous device misdoings **The Rebirth of Professional Soccer in America** Dennis J. Seese, 2015-03-06 The history of soccer in the United States is far richer and more complex than many people realize Leagues competed in the U S as far back as the late 1800s and in 1919 Bethlehem Steel became

the first American professional soccer team to play in Europe when they toured Sweden Multiple leagues existed during the early 1900s but after the American Soccer Association folded in 1933 the country did not see a rebirth of professional soccer until 1967 It was a painful hostile revival that saw dueling groups of American sports entrepreneurs fracture into two separate professional leagues The United Soccer Association USA and the National Professional Soccer League NPSL The Rebirth of Professional Soccer in America The Strange Days of the United Soccer Association tells the story of this largely forgotten chapter in the sport s history The USA and NPSL were ragged misshapen pieces of a puzzle that refused to fit together two leagues competing directly for fans and revenue While the USA was a league sanctioned by FIFA but absent from the nation s airwaves the NPSL was considered an outlaw league by FIFA but it held an exclusive television contract with CBS This would have been strange enough but the USA league imported entire teams from Great Britain Italy and South America including Stoke City Wolverhampton Wanderers Cagliari Calcio and Bangu This book recounts soccer riots in Yankee Stadium teams with dual identities World Cup winners on the pitch and a cast of characters featuring the likes of Phil Woosnam Lamar Hunt Derek Dougan and Gordon Banks Drawing on meticulous research and interviews this book reveals the little known story that unfolded on the field in the boardroom and across the country during this single strange season of professional soccer Featuring an impressive group of global soccer legends this book delivers a fascinating piece of soccer history for the growing legions of American soccer supporters as well as for soccer fans around the world

The Schenley Experiment Jake Oresick, 2017-04-14 The Schenley Experiment is the story of Pittsburgh s first public high school a social incubator in a largely segregated city that was highly even improbably successful throughout its 156 year existence Established in 1855 as Central High School and reorganized in 1916 Schenley High School was a model of innovative public education and an ongoing experiment in diversity Its graduates include Andy Warhol actor Bill Nunn and jazz virtuoso Earl Hines and its prestigious academic program and pensions lured such teachers as future Pulitzer Prize winner Willa Cather The subject of investment as well as destructive neglect the school reflects the history of the city of Pittsburgh and provides a study in both the best and worst of urban public education practices there and across the Rust Belt Integrated decades before Brown v Board of Education Schenley succumbed to default segregation during the white flight of the 1970s it rose again to prominence in the late 1980s when parents camped out in six day long lines to enroll their children in visionary superintendent Richard C Wallace s reinvigorated school Although the historic triangular building was a cornerstone of its North Oakland neighborhood and a showpiece for the city of Pittsburgh officials closed the school in 2008 citing over 50 million in necessary renovations a controversial event that captured national attention Schenley alumnus Jake Oresick tells this story through interviews historical documents and hundreds of first person accounts drawn from a community indelibly tied to the school A memorable important work of local and educational history his book is a case study of desegregation magnet education and the changing nature and legacies of America s oldest public schools

Human Trafficking and

Trauma in the Digital Era Mirjam van Reisen, Munyaradzi Mawere, 2017-02-13 Eritrean refugees crisscross between countries in the Horn of Africa and North Africa in search of a safe place. Along their journeys they are looted, threatened, intimidated, violated, and held for ransom. This book revisits the human trafficking crisis that first emerged in the Sinai at the end of 2008 and examines the expansion of human trafficking of Eritrean refugees and other forms of exploitation beyond the Sinai. It focuses on the modus operandi of these practices and on identifying their key facilitators and beneficiaries. The book locates the origin of these practices within Eritrea; it reveals how a deliberate policy of impoverishment and human rights abuses has driven the people out of the country and how individuals within Eritrea and particularly within the ruling party benefit from the smuggling and trafficking of Eritrean refugees. The use of information communication technologies (ICTs) is identified as key to the new modus operandi of this criminal business and is found to further facilitate widespread collective trauma amongst Eritreans who witness the abuse of their family members and fellow nationals through digital networks. An entire section in this book is dedicated to assessing the extent and effects of individual and collective trauma caused by Sinai trafficking and to examining potential approaches to healing. Other sections discuss the vulnerabilities of Eritrean minors and women and the connections between human trafficking, terrorism, and organ trafficking. The last section of the book raises the question of accountability. It examines and evaluates international responses to this forgotten crisis and discusses the need for policies that tackle the problem where it emerges in Eritrea.

How America Stacks Up Edward Alden, Rebecca Strauss, 2016-02-01 American leadership in the world is built on the foundation of its economic strength. Yet the United States faces enormous economic competition abroad and threats to its economy at home. In *How America Stacks Up: Economic Competitiveness and U.S. Policy*, Edward Alden, Bernard L. Schwartz, senior fellow at the Council on Foreign Relations and director of the Renewing America initiative, and Rebecca Strauss, associate director of Renewing America, focus on those areas of economic policy that are the most important for reinforcing America's competitive strengths. Covering education, transportation, trade, and investment, corporate tax, worker retraining, regulation, debt, and deficits, and innovation, *How America Stacks Up* shows how, in a highly competitive global economy, these seemingly domestic issues are all crucial to U.S. success in the global economy. The line between domestic economic policy and foreign economic policy is now almost invisible, and getting these policies right matters for more than just U.S. living standards. The United States' ability to influence world events rests on a robust competitive economy. But without further investment in education, infrastructure, and innovation, Alden and Strauss show the United States runs the risk of endangering its greatest competitive advantage. Through insightful analysis and engaging graphics, *How America Stacks Up* outlines the challenges faced by the United States and prescribes solutions that will ensure a healthy competitive U.S. economy for years to come.

The Captivating Realm of Kindle Books: A Thorough Guide Unveiling the Benefits of E-book Books: A Realm of Ease and Flexibility E-book books, with their inherent mobility and ease of availability, have freed readers from the constraints of physical books. Gone are the days of lugging cumbersome novels or meticulously searching for specific titles in bookstores. E-book devices, stylish and lightweight, effortlessly store an extensive library of books, allowing readers to indulge in their favorite reads whenever, everywhere. Whether commuting on a bustling train, lounging on a sun-kissed beach, or simply cozying up in bed, Kindle books provide an exceptional level of convenience. A Reading World Unfolded: Exploring the Vast Array of E-book International Jan 2014 C3 Paper International Jan 2014 C3 Paper The E-book Store, a virtual treasure trove of literary gems, boasts an extensive collection of books spanning diverse genres, catering to every readers preference and choice. From captivating fiction and mind-stimulating non-fiction to classic classics and modern bestsellers, the E-book Store offers an unparalleled variety of titles to explore.
