

## Scheme of work – Cambridge IGCSE® Biology (0610)

### Unit 8: Inheritance and evolution

#### Recommended prior knowledge

Basic knowledge of Unit 1 cell structure is required, and also an understanding of the processes involved in sexual reproduction.

#### Context

This unit builds on the topic of sexual reproduction, covered in Units 6 and 7.

#### Outline

The unit begins with the introduction of several new terms, before moving on to genetics and inheritance. Variation, affected by both genotype and phenotype, is investigated, before considering the ideas of natural selection and evolution.

(Please note: **(S)** in bold denotes material in the Supplement (Extended syllabus) only)

| Syllabus ref | Learning objectives                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   | Suggested teaching activities                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 | Learning resources                                                                                                                                                                                                                                                                                                                                                                                                     |
