What does humour do and how does it manifest when lived political circumstances experience ruptures or instability? Can humour that emerges in such circumstances be viewed as a specific narrative on the nature of democracy in the region? Drawing upon essays from India, Sri Lanka, and Bangladesh, this volume discusses many crucial historical and contemporary themes including dance drama performances in northern India, caste and stand-up comedy in India, cartoon narratives of citizens' anxieties, civic participation through social media memes in Sri Lanka, media politics and humorous public in Bangladesh, the politics of performance in India, and the influence of humour and satire as political commentaries. The volume explores the impact of humour in South Asian folklore, ritual performances, media and journalism, and online technologies. This topical and interdisciplinary book will be essential for scholars and researchers of cultural studies, political science, sociology, and social anthropology, media and communication studies, theatre and performance studies, and South Asian studies. **Dangerous Love** Jennifer Leigh Syvertsen, 2022-11-01 A free, open access ebook is available upon publication. Learn more at [www.luminosoa.org](http://www.luminosoa.org). The relationships between female sex workers and their noncommercial male partners are often assumed to be coercive and anchored in risk, dismissed as pimp/prostitute arrangements by researchers and the general public alike. Yet these stereotypes unjustly erase the complexity of lives we imagine to be consumed by social suffering. **Dangerous Love** centers a framework of love to rethink sex workers' intimate relationships as commitments to collective solidarity and survival in contexts of oppression. Combining epidemiological research and ethnographic fieldwork in Tijuana, Mexico, Jennifer Leigh Syvertsen examines how individuals try to find love and meaning in lives marked by structural violence, social marginalization, drug addiction, and HIV/AIDS. Linking the political economy of inequalities along the border with emotional lived experience, this book explores how intimate relationships become dangerous safe havens that fundamentally shape both partners' well-being. Through these stories, we are urged to reimagine the socially transformative power of love to carve new pathways to health equity. **Living With Honour** Emma Restall Orr, 2012-11-01 A provocative, articulate, and uncompromising exploration of how Paganism can provide the philosophical guidance to live honourably in a twenty-first Western society. **Emotional Arenas** Mark Seymour, 2020 Set in recently unified Italy, the narrative of **Emotional Arenas** is driven by a failed marriage; the wife's scandalous affair with a

circus artiste and the illicit couple's murder of the hapless husband Imaginative reading of the criminal prosecution records and newspaper coverage allows reconstruction of the emotional experiences of this story

**Enduring Erosions** Arne Harms, 2024-10-31 For an open access edition visit the Enduring Erosions page on Manifold <https://manifold.uhpress.hawaii.edu/projects/enduring-erosions> Talking to people as we make our way around the village we learn about the consequences of coastal erosion We hear about and see the progress made by the sea and the rather futile efforts to subdue the liquification of land by these marginalized islanders We confirm changes evaluating the present against past visits knowing very well that these are mere snapshots We relearn the coast as we realize that all of it will be undone in due course All that we see now and the ground we walk upon will likely be gone very soon What we are doing is tracing a landscape in flux To be sure all kinds of places are continuously transformed by diverse actors but few with such velocity Gnawed at and rolled over by an unruly river and a rising sea this is a place enfolded in the drawn out process of coastal erosion from the Introduction As the world debates what climate change has in store for its low lying coasts the people of India's Sundarbans located at the southwestern edge of the Ganges delta have weathered shrinking and sinking lands for decades Arne Harms follows islanders as they navigate and look back on the experience of collapsing embankments recurrent floods and ultimately the disappearance of land and homesteads Challenging the all too convenient notion of climate refugees Harms contends that islanders are not the obstinate victims of a rising sea or that the submerging of islands can be blamed on climate change alone Situating sea level rise amidst environmental transformation and state relations Enduring Erosions looks to past and present experiences in the Sundarbans as a window into what the future has in store for people on many of Asia's low lying crowded shores

*Transpacific Attachments* Lily Wong, 2018-02-06 The figure of the Chinese sex worker who provokes both disdain and desire has become a trope for both Asian American sexuality and Asian modernity Lingering in the cultural imagination sex workers link sexual and cultural marginality and their tales clarify the boundaries of citizenship nationalism and internationalism In *Transpacific Attachments* Lily Wong studies the mobility and mobilization of the sex worker figure through transpacific media networks illuminating the intersectional politics of racial sexual and class structures *Transpacific Attachments* examines shifting depictions of Chinese sex workers in popular media from literature to film to new media that have circulated within the United States China and Sinophone communities from the early twentieth century to the present

Wong explores Asian American writers articulation of transnational belonging early Hollywood's depiction of Chinese women as parasitic prostitutes and Chinese cinema's reframing the figure as a call for reform Cold War era use of prostitute and courtesan metaphors to question nationalist narratives and heteronormativity and images of immigrant brides against the backdrop of neoliberalism and the flows of transnational capital She focuses on the transpacific networks that reconfigure Chineseness complicating a diasporic framework of cultural authenticity While imaginations of a global community have long been mobilized through romantic erotic and gendered representations Wong stresses the significant role sex work plays in the constant restructuring of social relations Chineseness the figure of the sex worker shows is an affective product as much as an ethnic or cultural signifier

[The Haunted Study](#) P. J. Keating, 2012-10-04 The Haunted Study a rare example of a work of literary history that is genuinely interdisciplinary explores how the leading novelists of the late Victorian and Edwardian periods came to develop so many of the attitudes that are now generally accepted as characteristically modern The writing of fiction is not treated as though it exists in some kind of isolation but is shown to be intimately related to other forms of social activity Conrad James Meredith and their immediate modernist successors Joyce Lawrence and Woolf may now seem to be set apart in a variety of crucial ways from say Ouida and Marie Corelli or even Gissing Wells and Bennett but all of them worked within the same rapidly changing society and were unavoidably influenced by its dominant economic political and cultural concerns These influences were not peripheral but central and formative They profoundly affected the creation of a commercially fragmented culture as well as the nature of fiction within that culture The Haunted Study covers an exceptionally large number of authors from the critically despised to the critically admired and examines the impact on their work of such factors as the professionalisation of literature the earning power of authors the emergence of new kinds of readers and disturbingly present throughout the whole period fundamental democratic change
