most recognizable of national figures At the same time Mark Twain's growing fame and prosperity allowed him to plunge deeply into the business world a sphere not suited to his erratic energies He created the subscription publishing firm of Charles L Webster Company Which published the most profitable book of its time the Personal Memoirs of U S Grant And he became the primary financial support for the ingenious but imperfectible Paige typesetter Within a few years both the publishing company and the typesetter had taxed Mark Twain's patience and pocket beyond endurance The near bankruptcy of the publishing firm and the debacle of the typesetter scheme finally resulted in 1891 in a drastic decision to leave the house in Hartford Connecticut which had long been the symbol of Mark Twain's rising fortunes and idyllic family life and move to Europe for an indefinite period in the hope of reducing the family's living expenses The Clemens family would never return to the Hartford house and the European stay would lengthen into an almost unbroken nine years of exile Mark Twain's notebooks permit an intimate view of this turbulent period whose triumphs were tempered by intimations of financial disaster and personal bitterness
