During the author's coaching sessions for business and corporate leaders and her trainings at corporations, mid-sized businesses, small businesses, and start-up organizations, she discovered that there is a wide gap between those who achieve success and those who do not. Written in accessible, easy-to-digest language and targeted towards busy US business professionals who long for thought leadership to boost their success, the book argues that success depends on changing one's mindset in key ways. Each chapter focuses on one way to transform one's mindset to achieve success. The union of these 21 ways provides a uniquely comprehensive program for leadership success in business and corporate careers. Drawing from a blend of Eastern and Western wisdom, the book blends true-life storytelling about the challenges of actual business professionals with insights drawn from traditional parables from classic wisdom books to inspire readers to think through how to transform their mindsets. Ultimately, the book helps magnify one's inner power, the power of one's mind. The book calls on business professionals to unleash their inner leader.
