hard fact that bamboo rods are nothing more than conglomerations of expensive blades of grass he also realizes that these handmade treasures passed down to us from previous generations will hopefully outlive us and our car doors and that we are merely their caretakers for a time Although the dreaded g word i e graphite does make a brief appearance Hamza is definitely one of those anglers who would rather hold an aged organic creation of the bamboo rod maker s art than the latest admittedly efficient chemical concoction straight from the laboratory This puts him squarely in the tradition of John Gierach although Hamza s writing is better and his stories more entertaining Hamza s own home waters are dual Maine s Grand Lake Stream area and the southern shore of the Lake Ontario region There are echoes of Thoreau s Maine Woods in his stories of remote lakes and plentiful trout And while he takes us all around the country when relating his angling exploits Kerouac s On the Road is a particular favorite of his it is evident that the concept of home water carries a lot of weight with him His beloved Zen Lake with its less than perfect history and many small fish could be the home water of any of us The Halloween Handbook ,2001 You ll get dozens of ideas for costumes decorations tasty treats and more And there s no trick to making them since each comes with simple step by step instructions **My Grandmother's Deep South Soul Food Cookbook Volume 2** Tasha C.
