Promoting Wellbeing for Individuals, Societies and Environments Larry Bencze, 2017-06-21 This edited volume provides theoretical and practical resources relating to the STEPWISE curricular and instructional framework STEPWISE is the acronym for Science Technology Education Promoting Wellbeing for Individuals Societies Environments It is a framework for organizing teaching and learning domains in ways that prioritize personal and social actions to address critical socioscientific issues that is controversial decisions by powerful individuals groups about science and technology and related fields that may adversely affect individuals societies and or environments The book contains chapters written by and or with teachers who have used STEPWISE to guide their instructional practices as well as chapters written by education scholars who have used a range of theoretical lenses to analyze and evaluate STEPWISE and in several cases described ways in which it relates to or could relate to their practices and or ways in which the framework might logically be amended Overall this book offers educators policy makers and others with resources useful for arranging science and technology education in ways that may assist societies in addressing significant potential personal social and or environmental problems such as dramatic climate change preventable human diseases species losses and social injustices associated with fields of science and technology **Collecting for the Curriculum** Amy J. Catalano, 2015-09-28 If you re a librarian charged with collecting

curriculum materials and children s literature to support the Common Core State Standards then this book the only one that offers explicit advice on collection development in curriculum collections is for you While there are many publications on the Common Core for school librarians and K 12 educators no such literature exists for curriculum librarians at the post secondary level This book fills that gap standing alone as a guide to collection development for curriculum librarians independent of the Common Core State Standards CCSS The book provides instruction and guidance to curriculum librarians who acquire and manage collections so you can develop a collection based on best practices The book begins with a primer on the CCSS and how curriculum librarians can support them Discussion of the Standards is then woven through chapters arranged by content area that share research based practices in curriculum development and instruction to guide you in curriculum selection Material types covered include games textbooks children s literature primary sources counseling and nonfiction Additional chapters cover the management of curriculum collections testing collections and instruction and

reference as well as how to support and collect for special needs learners Current practices in collection development for curriculum materials librarians are also reviewed The book closes with a discussion of the future of curriculum materials

Connecting People to Their Oceans: Issues and Options for Effective Ocean Literacy Angel Borja,Francesca Santoro,Gail Scowcroft,Stephen Fletcher,Pierre Strosser,2020-03-25 While there is growing evidence of the importance of marine ecosystems for our societies evidence shows also that pressures from human activities on these ecosystems are increasing putting the health of marine ecosystems at stake worldwide Hence Blue Economy is becoming an important component of future socio economic development strategies e g this is called Blue Growth in Europe that eventually can result in increasing pressures at sea and despite the current regulatory framework in particular with the Oceans Act in USA or Canada and the Marine Strategy Framework Directive in Europe it is likely that this situation will continue in the future Ensuring all those connected to the sea directly or indirectly gain a better understanding of the importance of the seas the human sea interactions and opportunities to act better and reduce impacts from human pressures is central to Ocean Literacy OL Receiving increasing attention in Europe and USA OL is a challenge for all parts of society educators 2 the role OL could play in interaction with innovation regulation economic incentive social norms to support human capital development as key component of sustainable growth and 3 pre conditions for effective OL for different sectors and target groups Questions relevant to OL include Which knowledge produced by whom to share and how Who to target and how to effectively reach those targeted How to design OL initiatives including by mobilizing those targeted via living lab approaches e g to ensure effective OL and pave the way for behavior change What are the knowledge gaps that limit our capacity to design effective OL As scientists it is likely you have many more questions to offer and discuss

Sergi,2021-03-01 Recent Developments in Asian Economics is a crucial resource of current cutting edge research for any scholar of international finance and economics Chapters cover a wide range of topics such as social welfare systems organizational culture sustainability the impact of economic policy uncertainty and more

365 Days of Progress In Neuro-Oncology and Neurosurgical Oncology David D. Eisenstat,Erik P. Sulman,2023-10-02 365 Days of Progress is part of a wider series of Research Topics across Frontiers in Oncology hosted by our Specialty Chief Editors showcasing popular articles from 2021 igniting interest in the field This Research Topic aims to highlight the work featured and spark further discussion The Neuro Oncology and Neurosurgical Oncology field is continuously evolving therefore we are seeking to understand developments and perspectives on articles that have attracted attention throughout the year We welcome Opinions Perspectives and Mini Review article types to facilitate this discussion We also welcome updated original data following the research featured in this collection Please note only papers that are relevant and add a significant contribution to the discussion articles will be considered The chosen manuscripts are Case Report End Stage Recurrent Glioblastoma Treated With a New Noninvasive Non Contact Oncomagnetic Device A Phase 2

Randomised Clinical Trial Assessing the Tolerability of Two Different Ratios of Medicinal Cannabis in Patients With High Grade Gliomas Evolution of Experimental Models in the Study of Glioblastoma Toward Finding Efficient Treatments The Role of Microglia in Glioblastoma A Review of Newly Diagnosed Glioblastoma A Position Statement on the Utility of Interval Imaging in Standard of Care Brain Tumour Management Defining the Evidence Gap and Opportunities for Future Research Surgical Management of Tentorial Notch Meningioma Guided by Further Classification A Consecutive Study of 53 Clinical Cases Development of a Nomogram Based on Preoperative Bi Parametric MRI and Blood Indices for the Differentiation Between Cystic Solid Pituitary Adenoma and Craniopharyngioma **Organizational Ethics** Craig E. Johnson,2024-12-30

Organizational Ethics A Practical Approach Sixth Edition provides readers with opportunities to apply ethical principles and practices in a variety of settings through self assessments analyses projects and discussion Bestselling author Craig E Johnson shows how we can develop our ethical competence just as we develop our abilities to manage or oversee operations

Flourishing as the Aim of Education Kristján Kristjánsson,2019-06-11 This book develops a conception of student flourishing as the overarching aim of education Taking as its basis the Aristotelian concept of eudaimonia it provides a theoretical study of the foundations of flourishing that goes well beyond Aristotle s approach Flourishing as the Aim of Education argues that the good life of the student to which education should contribute must involve engagement with self transcendent ideals and ignite awe filled enchantment It allows for social individual and educational variance within the concept of flourishing and it engages with a host of socio political as well as spiritual issues that are often overlooked in literature discussing character education Each chapter closes with food for thought for practitioners who can directly facilitate student flourishing An outgrowth of the author s previous monograph Aristotelian Character Education this book follows new directions in questioning how to educate young people towards a life of overall flourishing It will be of great interest to researchers academics and post graduate students in the fields of character education moral education and moral philosophy as well as to educators and policy makers *Education Is Upside-Down* Eric Kalenze,2014-10-08 Education Is

Upside Down cuts through adjustments being made at technical levels of educational practice and accountability challenging ideals and philosophies that have powered American Education for most of the last century This book explains how and why long standing approaches generate flawed instructional practices flawed systemic reform efforts and a fundamental misalignment between the educational institution and the society it is missioned to serve Education Is Upside Down urges readers wishing to improve American Education to more carefully consider the institution s central mission challenge long accepted truths of practice and question current reform efforts and actions In full Education Is Upside Down resists the practitioner vs reformer blame game seeking ultimately to carefully untangle not tighten by yanking on any single strand the long complicated knot of American Education **Psychology of Aging** Sara J. Margolin,2024-07-19 In Psychology of Aging A Concise Exploration author Sara J Margolin redefines how we think about getting older Employing a bio psycho social

perspective Margolin introduces modern learners to the study of adulthood and aging offering a holistic examination of its impact on our bodies minds relationships and social roles Through an innovative myth vs fact approach the text dispels common misconceptions using humor compassion and robust research Emphasizing real life aging processes and adaptations students gain insights applicable not only to future careers but also within family and personal life contexts Included with this title LMS Cartridge Import this title s instructor resources into your school s learning management system LMS and save time Don t use an LMS You can still access all of the same online resources for this title via the password protected

Instructor Resource Site Select the Resources tab on this page to learn more **Thought and Knowledge** Diane F. Halpern,Dana S. Dunn,2022-10-25 Thought and Knowledge applies theory and research from the learning sciences to teach students the critical thinking skills that they need to succeed in today s world The text identifies defines discusses and deconstructs contemporary challenges to critical thinking from fake news alternative facts and deep fakes to misinformation disinformation post truth and more It guides students through the explosion of content on the internet and social media and enables them to become careful and critical evaluators as well as consumers The text is grounded in psychological science especially the cognitive sciences and brought to life through humorous and engaging language and numerous practical and real world examples and anecdotes This edition has been streamlined with thoughtful consideration over what content to keep what to cut and how much new and current research to add Critical thinking skills are presented in every chapter empowering students to learn more efficiently research more productively and present logical critical and informed arguments The skills are reviewed at the end of the chapter and a complete list of skills with definitions and examples are included in the appendix The text is supported by a companion website that features a robust set of instructor and student resources www.routledge.com/cw/halpern Thought and Knowledge can be used as a core text in critical thinking courses offered in departments of psychology philosophy English or across the humanities and social sciences or as a supplement in any course where critical thinking is emphasized **Cases and Stories of Transformative Action Research** John A.

Bilorusky,2021-04-21 Cases and Stories of Transformative Action Research builds on its companion book Principles and Methods of Transformative Action Research by describing and analyzing dozens of examples of successful action research efforts pursued in the past five decades by students and faculty of the Western Institute for Social Research Some projects are large scale and some are modest interventions in the everyday lives of those participating Some are formal organizational efforts others are the results of individual or small group initiatives Included are chapters on community needs assessments and innovative grassroots approaches to program evaluation the challenges of improving our decision making during the crisis of the COVID 19 pandemic strategies of intellectual activism in addressing the growing problem of workplace bullying action research to preserve and share the history of the Omaha tribe and plans for an innovative school based project based on collaborative action and inquiry between students and Artificial Intelligence In addition there are a number of detailed

stories about the use of transformative action research in such areas as somatic and trauma counseling ethnic studies health disparities gender differences grassroots popular education and the improvement of statewide steps for preventing child abuse among many others This book can serve as an undergraduate or graduate social sciences text on research methods It is also a guidebook for action oriented research by academics professionals and lay people alike **Trust-Based**

Observations Craig Randall, 2020-07-30 The results are in observations are not improving teaching and learning Pertinently the Gates Foundation's recently completed effort to improve student outcomes through enhancing the teacher evaluation process failed to achieve substantive improvement The way observations are currently designed serve as an obstacle to teacher risk taking Teachers fear negative evaluations when their pedagogy is rated and they lack faith in being supported by supervisors because a trusting relationship between them and their observer has not been built Trust Based Observations Maximizing Teaching and Learning Growth is a schema changing evaluation model that understands people perform at their best when they feel safe and supported It begins with twelve 20 minute observations per week followed by collegial conversations driven by reflective questions sharing observed teaching strengths and the building of safe and trusting relationships with teachers Add the elimination of rating pedagogical skills and replace it with rating mindset and teachers trust When teachers fully embrace risk taking and innovation it leads to remarkable teaching transformations and improved student learning

Decoding **Grade11 Exemplars 2014 Life Sciences**: Revealing the Captivating Potential of Verbal Expression

In a period characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force. Its ability to evoke sentiments, stimulate introspection, and incite profound transformations is genuinely awe-inspiring. Within the pages of "**Grade11 Exemplars 2014 Life Sciences**," a mesmerizing literary creation penned by a celebrated wordsmith, readers set about an enlightening odyssey, unraveling the intricate significance of language and its enduring affect our lives. In this appraisal, we shall explore the book is central themes, evaluate its distinctive writing style, and gauge its pervasive influence on the hearts and minds of its readership.
