

HP OpenView Operations Traditional Operator GUI

The screenshot displays the HP OpenView Operations Traditional Operator GUI, which is a multi-pane interface for system management. The interface includes several key components:

- Navigation Panels:** Located at the top and left, these panels contain icons for navigating between different views such as Overview, Configuration, Performance, and Troubleshooting.
- Map View:** A central panel showing a geographical map of Europe with several server icons placed over different regions, indicating the location of managed devices.
- Configuration and Performance Views:** Other panels show hierarchical views of system components, such as a network topology diagram with a central hub and multiple connected nodes.
- Log Window:** A prominent window at the bottom displays a list of system events and messages. The log entries include timestamps, source information, and detailed descriptions of events.
