

Main Manual Testing Techniques

Black box testing

Black box testing is conducted in a way that resembles end-users interaction with a system. It doesn't require knowledge of the coding skills.

01

White box testing

White box testing technique is utilized by developers to review code and detect possible hidden bugs. This technique requires good coding skills.

02

Grey box testing

This manual testing technique is a balanced combination of either black box testing or white box testing.
